

Being a column in which the publisher just "blows off the steam."

By Willard Jones

THIS IS THE WEEK for practical jokes. We hear the story about a couple of lads over around Turkey who captured a bobcat. They secured a suitcase, put some Texas Tech stickers on its sides, put the bobcat in the suitcase and left it beside the highway.

A carload of seven negro youths came along, spotted the suitcase, stopped and took it. A few miles down the road they decided to open it up and see what kind of a windfall they had fallen upon. Immediately the car exploded. Two in the back seat dived out the door, fracturing some legs. One in the front seat fractured his skull in abandoning the speeding automobile. As for the bewildered bobcat, he was still in the car as it went off a bluff.

We understand the judge wants to punish the two boys for precipitating the near tragedy, but can't find anything in the statute books making it an offense to put a bobcat in a suitcase. We just wonder if the judge can't find a law exacting punishment for stealing someone's property along a state highway.

Here in Crosby County it is reported that someone prepared a dummy of a man and left it in the middle of the highway between Ralls and Lorenzo. Reports began to filter into Ralls, Crosbyton and Lorenzo that a man was lying in the highway. Officers found the dummy had been run over several times, which indicates there are motorists running loose who failed to stop and render aid at the scene of the "accident." MAN OF YOU remember W. J. (BIL) Miller, former manager of The Panhandle Herald and now owner and publisher of The Spanaway Reporter, Miller is now in the Veterans Hospital at Amarillo. Mrs. Port and I tried to visit Sunday evening, but the man in charge said to wait until Monday.

We worked for BIL for many years and will always appreciate his patience and kindness. We'll not be surprised if the doctors found two hearts when they cut into Homer Bill. One he needed to keep alive and the other he would lend to friends in need!—Paul Loftin in The Panhandle Herald.

GLORIA MULSEY, Hamlin girl who is serving in the Women's Army Corps, this week writes from her new assignment at Fort Sheridan, Illinois. We reproduce portions of her letter:

I have been transferred from Fort Sam Houston and am asking you to please change the address on my Herald.

Really, I don't know what I would do if it weren't for my home town paper each week. When one is in the service they all too often find themselves cut off from the happenings of their home town. The papers from our homes grow to mean a great deal to potentially homesick service men and women.

I have been quite fortunate since coming to Illinois. I have received my promotion to private first class and am being given advanced training in the bacteriology division of the Fort Sheridan Medical Laboratory. This is one of the greatest things the Army Medical Corps can offer a newly graduated laboratory technician.

Take a long look at Texas for me. I miss home and Texas very much.

HAL COCHRAN, as we have said several times before, is one of our favorite quipsters. We again lift some of his recent jibes from his Barbs column of The Fort Worth Press:

Some ants are said to live as long as 10 years—and sometimes in the same kitchen cabinet.

The government spends a lot of money in order to advise us what the cost of living has done, as if we didn't know.

Take a tip from the fish: Fight the hardest when you're at the end of your string.

Many a man whose wife says he's not worth a cent is sued by her for plenty of alimony.

You won't say as many things you shouldn't if you breathe through your nose and thus keep your mouth shut.

FIRST SALUTE—When asked to salute for the camera, Basic Trainee Private Elvis Presley said, "I'm not too good at it," then came through with a salute snappy enough to gladden the heart of any old soldier. Presley began his eight weeks of military training at Fort Hood in the Second Armored Division.

Flower Show Slated Again by City Club

"Spring Treasures" will be the theme of the Spring Flower Show, to be sponsored by the Hamlin Garden Club Saturday, April 19, at the Hamlin High School gymnasium, officials of the club said this week as they announced the second annual show.

The show will be from 3:00 to 7:00 p. m., and the public is invited to attend the exhibits.

Officers Elected for Cub Scouts Monday At Business Meeting

Cub Scouts of Hamlin met Monday evening in the Primary School cafeteria for their monthly pack meeting.

Cubmaster R. L. McClung and Assistant Cubmaster George Poe presented the awards. Hamlin now has approximately 80 enthusiastic Cubs, the leaders report.

In the business session the following officers were elected for the year 1958-59: J. E. (Bunt) McCoy, Cubmaster; J. D. Josey, assistant Cubmaster; L. C. Bonds, assistant Cubmaster; G. W. Kincaid, institutional representative; L. C. Bonds, chairman committee; Dr. M. L. Smith, L. A. Joiner, George Poe, Charles Connally, Fred Victor Ortiz, committeemen; Rev. B. Moore Jr., secretary-treasurer; Mrs. Byron O. Bell, awards chairman; Mrs. Thomas Ferguson, reporter.

Hamlin Will Be Host in May to 3,000 Singers at Big Sunshine Convention

Hamlin will be host to some 3,000 singers and song lovers of West Texas on May 3 and 4 when the annual convention of the West Texas Sunshine Singing Convention is staged here.

Announcement of the forthcoming gathering of musicians was made this week by E. H. Tanskerley Jr., president, and Gayle Baize, secretary-treasurer.

The sessions will be conducted Saturday night, May 3, beginning at 7:30 o'clock, and on Sunday, May 4, beginning at 10:00 a. m. and continuing till 4:00 p. m.

West Texas Sunshine Singing Convention embraces a territory extending from Wichita Falls and Lubbock on the north to Eastland and Midland on the south. Thousands of singers and those who love to hear the singing will be on hand for the songfest, Baize says.

Several outstanding quartets and other groups are expected to be here for the gathering.

Baize said that usually the conventions are held in the larger cities of the territory, and that Hamlin should be complimented that the group voted to hold their 1958 convention here.

Besides the two offices named,

Entries are divided into five divisions—art, agriculture, junior, invitation and educational.

Entries in the potted plant section will be accepted from 3:00 to 4:00 p. m. Friday, April 18. All other entries will be accepted from 8:00 to 9:30 a. m. on the day of the show. Entries may be picked up after 7:30 p. m.

Mrs. R. D. Moore is show chairman. Other committees have been named as follows:

Schedule—Mrs. LaFoy Patterson, Mrs. Bowen Pope, Mrs. C. R. Lowell.

Staging—Mrs. Clyde Grice, Mrs. L. B. Gage, Mrs. George T. Campbell.

Properties—Mrs. Dick Maberry, Mrs. C. F. Cook, Mrs. L. E. Prewitt.

Entries—Mrs. Eddie Jay, Mrs. Edgar Duncan, Mrs. Fred Carpenter.

Classification—Mrs. Harold Bonner, Mrs. F. B. Moore, Mrs. C. G. Green.

Judges—Mrs. C. C. Prater, Mrs. Vera Nobles, Mrs. W. A. Cassie.

Clerks—Mrs. F. B. Moore Jr., Mrs. Edmund Robb, Mrs. L. B. Williams.

Hospitality—Mrs. S. C. Ferguson, Mrs. Roy Carmichael, Mrs. P. A. Fowler, Mrs. J. P. Morgan, Mrs. W. B. Britton, Mrs. Ed Bailey.

Publicity—Mrs. M. T. York.

Registration—Mrs. R. C. Ritchey.

Hamlin Bandsters Win Five Places in Snyder Solo Contests

Hamlin High School's Pied Piper Band had several contestants in the annual Region II Interscholastic League ensemble and solo contests held Saturday at Snyder.

Hamlin attendants came back with four first division ratings and one second division.

Solos and ensembles were rated from the top, Division I through Division IV, the lowest rating. About 1,000 students from 48 area schools participated in the one-day contest held at the Snyder High School auditorium and band hall.

The saxophone quartet, composed of Jerry Crowley, Barbara Cheshier, Anne Richey and Peggy Killian, received first divisions; and the solos of Libby Johnson, Barbara Cheshier and Bryan Sheldone each got a first; while Kay Johnson received a second division on his first contest solo.

Hamlin High Boys Win Second Place In Amarillo Relays

Athletes from Hamlin High School placed second to the Dalhart Wolves in the Class A division of the ninth annual Amarillo Relays Saturday. Dalhart placed first with 22 points, and Hamlin was second with 19 points.

Virgil Wilson, Ken Prewitt and Bill Murff had some bad luck in their races. Wilson had the best qualifying time going into the semi-finals, then hit five hurdles and did not qualify for the finals. Murff drew lane one in the finals of the 440-yard dash, which was muddy and wet; Prewitt ran his 880 in a separate heat from the second and third place winners which he had run a better time than both boys three times before this year.

The Pied Pipers' only firsts came in the low hurdles, with Bryson running first by seven yards with a time of 20.5. Wilson placed fourth in the low hurdles. The other first place came in the mile relay.

The Pipers brought home two large trophies—one for second place in the Class A division, and the mile relay trophy. The mile relay team was composed of Bryson, Wilson, Prewitt and Murff.

Statistics on the Amarillo Relays follow: Discus throw—Jenkins, second place with 123 feet 10 inches; broad jump—Murff, third place with a jump of 18 feet 5 1/2 inches; low hurdles—Bryson, first; Wilson fourth; time 20.5 seconds; 440-yard dash—Murff, third with time of 54.1 seconds; 880-yard run—Prewitt, fourth with time of two minutes 14.5 seconds; mile relay (Bryson, Wilson, Murff and Prewitt), time of three minutes 42 seconds.

Two School Trustees Be Elected Saturday

When voters of the Hamlin Independent School District go to the polls Saturday they will have a choice of two for the three places on the board of trustees. Terms of Noel Weaver and Fred B. Moore Jr. expire, both of whom are candidates for reelection, and R. L. McClung's name has also been placed on the ticket.

Voting will be held Saturday from 7:00 a. m. till 7:00 p. m. at the Hamlin High School business office. Harold Williams is election judge.

Early Response Good To Red Cross Drive

Early response to the annual Red Cross drive for funds in the Hamlin community are encouraging, declares Don Lock, chairman for the campaign. Only part of the workers had reported Wednesday, he said.

Goal of \$1,750 had been set for the community. Teams of canvassers were working all sections of the business and residential sections of the city.

THREE REVIVAL MEETINGS are scheduled to begin in the Hamlin community Sunday and continue through the following week. Evangelists will be Rex Kyker (left), head of the speech department of Abilene Christian College, who will lead in the Church of Christ series of services; Don Davidson (center), pastor of Asbury Methodist Church in Lubbock, who will speak at the First Methodist Church; and Rev. Norris Onstead, pastor of the Swen-Baptist Church, who will lead in the meeting at Hiltson, five miles west of Hamlin.

President Order Offers Little Hope for New Oil Production

Miller Harmon Is Elected President Of Foundation

Miller Harmon was named president of the Hamlin Foundation, Inc. for the coming year when directors of the organization met Monday evening in its first meeting of the year at the oil mill guest house.

Other officials named were: Bobby Crowley, vice president; Mrs. John Howard Jr., secretary-treasurer; and Mrs. L. A. Joiner, reporter.

Delegates from 14 clubs of the community were present for the session. The foundation was formed as a non-profit organization to promote and manage the swimming pool at the city park.

A summary of last year's expenditures and a financial report were made by the secretary-treasurer.

Improvements necessary for the opening of the swimming pool were discussed, and arrangements for obtaining an operator for the pool this summer were made. Anyone interested in operating the pool may contact C. L. Howard.

Hamlin Board of Community Development was elected to membership to replace the former Chamber of Commerce.

An auditing committee composed of Mrs. John Howard, Mrs. Joe League and Mrs. C. F. Cook was appointed for study of the past three years' financial report, their findings to be reported at the next meeting of the foundation on Tuesday, April 11, at the oil mill guest house.

Three things kill human beings: Hurry, worry and grease.

Easter Holidays for School Begin Today

Students and teachers of Hamlin Schools will have two holidays from classes this week-end for the Easter holidays. Classes will be dismissed this (Thursday) afternoon and will not be resumed until next Tuesday morning.

These will be the last holidays before the end of school, Superintendent of Schools C. F. Cook says.

First Methodists To Begin Spring Revival Sunday

Beginning with Easter Sunday services, the spring revival of the First Methodist Church will continue through the following Sunday, April 13, it is announced this week by Rev. Edmund W. Robb, the pastor.

The pastor will be in the pulpit Sunday morning, when his topic will be "The Kingdom of God—Consummated."

Evangelist for the worship services Sunday night and all during the following week will be Rev. Don Davidson, pastor of Asbury Methodist Church in Lubbock. He is chairman of the Northwest Texas Conference Board of Hospitals and Homes.

Week day services will be 7:00 a. m. and 7:30 p. m. Breakfast of coffee and doughnuts will be served to attendants from 6:30 till 7:00 each morning by members of the Men's Bible Class.

Weldon Crowley, student at McMurry College in Abilene, former youth director of the local church, will be song leader for the revival.

Land Owners and Others Affected See Some Relief

Land owners oil royalty holders and producers, as well as scores of others connected with the oil industry in the Hamlin territory were cheered some by President Eisenhower's order issued last Thursday for oil companies which have been bringing foreign crude oil into the country to cut their imports 15 per cent.

Texas oil industry has been suffering considerably from the eight-day prorator of oil allowances per month for wells producing in Texas. One of the major reasons for the big oil production cut has been the imports of millions of barrels of oil from foreign countries.

The reduction, effective April 1, is part of the government's voluntary crude oil import program. The cut applies only to imports from the Rocky Mountains eastward and primarily affects oil from Venezuela and the Middle East.

Eisenhower tightened up the program by directing the military services and other government agencies not to buy oil from companies which do not comply with the voluntary program of company quotas.

Easter Services Set At Assembly of God

Special Easter services are planned Sunday at the Assembly of God Church in South Hamlin, according to the pastor, Mrs. W. G. Miller.

Services will begin at 9:45 Sunday. The Easter services will start a series of "loyal services" which will continue for seven Sundays.

Rev. and Mrs. T. M. Barrett will preach and conduct the singing in all-day observance Easter Sunday. Dinner will be served at the church at noon. The public is invited.

Former Hamlinites Win Trip to Europe

Mr. and Mrs. E. L. Ward of Port Arthur were announced last week as the winners of a trip to Paris, France, in a contest sponsored by the General Electric Corporation. Mrs. Ward is the former Faye Huddleston, daughter of Mr. and Mrs. L. M. Huddleston of Hamlin.

The Wards will leave on their all-expenses-paid vacation the first part of this month. They will also visit London, England, on the trip.

Only 184 Votes Cast in Voting of Average Interest

Four new faces and another in a new capacity will be on hand when the Hamlin City Council convenes in its April 15 meeting as a result of tabulations of voting in the city election Tuesday.

Total of 184 votes were cast in the city election that had a potential of an estimated 900 ballots. But the 184 ballots cast were about an average display of interest by Hamlin residents in recent years—the last two elections excepted.

L. H. McBride, now serving as a member of the council in the capacity of aldermen, was elected mayor without opposition. He will succeed O. D. Roland, who is completing his first term.

James Josey, body shop man; Joe Huddspeth, auto and appliance store owner; and Max Murrell, co-owner of an automobile agency, were named to the three two-year council positions made vacant by expiring terms for Gene Prewitt, B. O. Bell and W. S. Seals. Pete Bond and Clyde Huff also were candidates for these places.

John Howard Jr. was elected to the one-year council place made vacant by the resignation of McBride. He had no opposition.

Votes cast for the individual candidates, as tabulated by Mr. J. B. Enkin, election judge, and her clerks follow:

L. H. McBride	184
Clyde Huff	73
Max Murrell	100
James Josey	139
Pete Bond	87
Joe Huddspeth	137
John Howard Jr.	184

Willard Jones received one vote as a write-in for councilman.

ACC Teacher Will Lead in Meeting at Church of Christ

"The Family of God" will be the theme of a series of evangelistic services beginning Sunday at the Hamlin Church of Christ, it is announced this week by the minister, Austin Siburt. The series will continue through the following Sunday.

Rex Kyker, head of the speech department of Abilene Christian College, will be the visiting evangelist. Rodney Spaulding of Hamlin, who is a student at ACC, will direct the music for the services.

Services are scheduled at 3:00 and 7:30 p. m. each day during the week beginning Monday.

Kyker has announced subjects for the evenings as: "God Is Our Father," "Lord, Teach Us to Pray," "The Prodigal Son," "Hope Through Intercession," "Unto Us a Child Is Born," "Children Are His Workmanship" and "Home Eternal." Sunday morning, April 13, his topic will be "Bear Each Other's Burdens." Next week his afternoon topics will be: "But Such As I Am," "Be Thou an Example," "The Art of Forgetting," "The Elder Brother," "We Shall Be Content," and "Study to Be Approved."

Who's New This Week

Only two new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both girls they are:

A girl for Mr. and Mrs. Artholus Cork of Hamlin was born March 27. After tipping the scales at six pounds 11 ounces, the little miss was named Janice Kay.

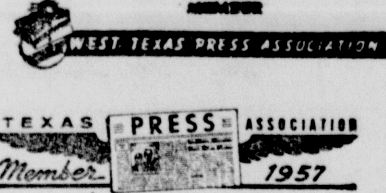

A girl for Mr. and Mrs. B. M. Robinson of McCaulley arrived March 26. She will answer to Carolyn Ann. She weighed a heavy nine pounds two ounces.

LET'S CONSIDER MONEY...IT CAN BLESS OR HURT

Money is a fascinating subject, must of us will agree. Through the centuries it is played a vital role in the trade and commerce of the world, whether it was in the form of salt, stone, paper or metal. All the same, there has been a scramble for the stuff. Some people will lie and steal and cheat and murder for it.

But that's not what we want to talk about in this editorial. We want to remark a few remarks about money's effect on a community's life and sustenance.

Money is beautiful stuff to look at...not so much perhaps because of its artistic design as because the sight of it reminds us of the many pleasing and necessary things it can do for us.

Yet...if we are not careful about how we handle it, we may thoughtlessly cheat ourselves out of some of the things our money can bring us.

Because only a part of each dollar we spend puts actual goods and services into our hands. Whether we like it or not, part of each dollar also goes toward the upbuilding and support of the community in which it is spent...to pay for the schools and churches, the roads and streets, the police and fire protection and other social facilities that make up modern living...and to strengthen that community's economy.

If the area that benefits from our trade is that in which we live, then we get for ourselves all that our hard-earned money pays for...and often many times over...in better business, better jobs, better living among more good and useful neighbors.

When you trade in your home community you improve your own living standards and the economy of the region in which you live. In other words, your money comes back to you in the form of more circulation of the money you put into it.

If one truly says that he is interested in the growth and prosperity of his home community, then his obligation is to contribute his part of support to its industries, trade and civic support to the over-all plan. This matter of building a community its a cooperative thing for everybody...not just for the other fellow, but for you and me and our neighbors and friends. Think on these things the next time you plan to go to another city to take your dollars—they can never come back to you and your community!

Nuggets of Thought

The chief lesson I have learned in a long life is that the only way to make a man trustworthy is to trust him; and the surest way to make him untrustworthy is to distrust him and show your distrust.—Henry L. Stimson.

Worry is a thin stream of fear trickling through the mind. If encouraged, it cuts a channel into which all other thoughts are drained.—Arthur Somers Roche.

A good conscience is to the soul what health is to the body; it preserves a constant ease and serenity within us, and more than counterbalances all the calamities and afflictions that can possibly befall us.—Joseph Addison.

There is no personal charm so great as the charm of a cheerful temperament. It is a great error to suppose this comes entirely by nature—it comes quite as much by culture.—Henry Van Dyke.

Never bear more than one kind of trouble at a time. Some people bear three kinds—all they have had, all they have now and all they expect to have.—Edward Everett Hale.

Uncertainty of Age

During the boom year of 1948 a business man searched back in his memory and recalled a very important meeting which had been held 25 years previously in a Chicago hotel. The participants had included nine of the top financial leaders in the world.

Here is what had happened to these nine "successful" men during the ensuing quarter of century:

Charles Scwab, president of the largest independent steel company in the country, had gone into bankruptcy. He died in debt.

Samuel Insull, head of America's greatest utility firm, had died abroad a fugitive from justice.

Howard Hopson, president of a huge gas company, was insane.

Arthur Cutten, the foremost wheat speculator of the time, had passed away in a foreign country—broke.

Richard Whitney, president of the New York Stock Exchange, had just been released from prison.

Albert Fall, member of a presidential cabinet, had also just left prison.

Jesse Livermore, Wall Street's leading "bear," had committed suicide.

Ivar Kruger, the famed match king, had killed himself.

Leon Fraser, president of the Bank of International Settlement, had also died by his own hand.

Laying the Foundation

"No panacea can wipe out all at once the poverty in the world," says the Saturday Evening Post editorially. "But we can take heart in the peaceful accomplishments of American private investment in foreign lands."

As one example, the Post selects the U. S. oil industry. It points out that "American oil companies are scouring the whole world for supplies, paying almost a billion dollars a year in taxes and royalties in the Middle East alone, while American oil, mining and smelting firms pay \$800,000,000 in Latin America."

The importance of oil to the whole free world in its struggle with the grinding forces of communism needs no elaboration. The results have been literally stupendous. The Post says that 10 times as many tractors are used on French farms as in pre-war days—thanks in large part to the enterprise of American oil.

Moreover, this is about as far a cry from old concepts of "economic imperialism" as anyone can imagine. The oil companies and other American enterprises have brought civilization to lands which had gone almost unchanged for centuries. They have revolutionized education, agriculture and standards of medical care. Wise social conscience has operated hand in hand with economic pioneering.

The Post sums the situation up in these words: "No one contends that these projects alone will cure all the world's ills. But they are laying the foundation for higher standards of living and mutual understanding between ourselves and nations the world around."

Editorial of the Week

COURSE OF SOCIALISM

Joseph Stalin's native Georgia celebrated the seventy-eighth anniversary of his birth the other day by praising him for his early adherence to Marxism and damning him for abuse of power in his later years.

Possibly they weren't conscious of it, but they made a big admission. Stalin merely ran the course that all socialism will and must run. In going through with this transition from ideal socialism to dictatorship, Stalin simply floated along with the tide.

We hear much of the "reactionary" political philosophy in this day and time. The most reactionary philosophy going the rounds these days is that of the Communists and the "free will" socialists. The socialistic order calls for a monolithic state. And the monolithic state calls for a dictatorship. Why blame Stalin for the whole course of events?—The Dallas Morning News.

TEACHERS OF HAMLIN SCHOOLS

Biographies of teachers in the Hamlin schools are being printed as a feature series prepared by the Hamlin Fifty-Two Study Club as part of a public service project of the club members. Two of the series are printed below:

VIOLA AVANTS.

One of the long time teachers in the Hamlin schools is Viola Avants, who has been teaching for 19 years, 12 years of which have been at Hamlin. She teaches in the Hamlin Elementary School.

Miss Avants was born in Brown County, where she spent her early girlhood. In 1921 she moved with her family to Whon, Coleman County. She finished high school work at Howard Payne Academy. Continuing her schooling, she attended Howard Payne College at Brownwood and received her BS degree in 1949. She later attended McMurry College at Abilene, where she received her master of education degrees in 1956.

One of a large family of children, Miss Avants has six sisters and four brothers. She lives with her mother and sister, Olea.

DOLLY P. BROWN.

Born March 24, 1932, in Hawkins, Texas, to Judson and Mildred Henry was Dolly P. Brown.

first and second grade teacher at DePriest Colored School. She was one of eight children.

Mrs. Brown was schooled in the elementary and secondary schools at Hawkins. After finishing high school in 1948 she enrolled in Prairie View A. & M. College at Hempstead as a pre-med student, later transferring to Jarvis College at Hawkins as a physical education major and biology minor. Having been exposed to music all of her life, she enrolled in the college choir and studied piano. She also excelled in sports, specializing in tennis and basketball, the latter in which she was Big 8 champion and lettered three years. She graduated in 1952 with a BA degree.

In 1951 she was married to Ira J. Brown who at the time was serving as a senior third class in the U. S. Navy. She has three sons, Wayne, Thomas and Keith, age five, four and three.

Mrs. Brown came to Hamlin in August, 1957, to begin work in DePriest High School. At present she works with the first and second grades, and teaches elementary music. She is a member of the First Christian Church in

HOW MANY OF THESE MUSTS WILL YOUR NEXT WAGON HAVE?

LOOK FOR TENNESSEE ERNIE FORD
STAR OF THE FORD SHOW
ON TV EVERY THURSDAY NIGHT

- 1. STYLING THAT WILL STAY IN STYLE**
Ford Station Wagon styling is Thunderbird inspired. So you know it's going to be in style for a long time to come. And Ford offers you six different body styles to choose from.
- 2. ALL-NEW V-8 ENGINE**
Ford V-8 power is all-Thunderbird, too... with new Precision Fuel Injection that pays off in still better gas mileage. And it can be yours in all Fords (including the lowest-priced wagon at the low-price three).
- 3. MOST MODERN "SIX"**
The Ford Mileage Maker Six is the most modern and most economical Six in its field. It's the 1958 version of the engine that scored most miles per gallon in last year's Mobilgas Economy Run.
- 4. SINGLE-CONTROL LIFTGATE**
Loading and unloading is a cinch with Ford's single-control latch. Just a flick of the wrist and both lift-gate and tailgate open. You can close both gates with one hand, too.
- 5. GENUINE FOAM-RUBBER CUSHIONS IN FRONT SEATS OF ALL MODELS**
Only Ford wagons offer you the added luxury of genuine foam-rubber front seat cushioning in every model. And all Ford wagon seats are scientifically contoured over non-sag springs for greater riding comfort.
- 6. LOWEST PRICE POSSIBLE**
Because Ford sells nearly half again as many station wagons on its nearest competitor, Ford can sell these fine wagons at half the fine-car price.
- 7. TRADITIONALLY MOST WANTED AT RESALE TIME**
Ford Station Wagons, dollar for dollar, have traditionally commanded top prices on the used car lots. Another reason why your investment in a Ford wagon holds up better.

Business Session, Program, Luncheon Slated by Stamford PCA Thursday

Thursday, April 10, will see the twenty-fourth annual stockholders' meeting of the Stamford Production Credit Association, which is to be held in Stamford, officials of the organization announce.

The program, to begin at 9:30, will be highlighted by an address by W. H. Calkins, treasurer of the Federal Intermediate Credit Bank of Houston. He will dwell on those facets of agricultural activity which are of interest to farmers and ranchers who live and operate in this general vicinity.

Another feature of the program will be furnished by the Joy Notes, a group of girls from Rule High School.

Following the program, which also includes the election of two directors, a barbecue luncheon will be served to all who attend. Directors whose terms expire with this meeting are C. G. Burson Sr. of Haskell and Mack T. Claburn of Anson. These men have been re-nominated along with John P. Jones of Munday and Jack Morrow of Hawley.

Five gift certificates worth \$100 each will be given away absolutely

free. These certificates are redeemable in ladies' wearing apparel at Hind's Shoes and Apparel in Stamford. In addition to this each stockholder's wife and each woman stockholder who is present will be given a personal favor—something she will treasure, say officials.

The Stamford association serves the financial needs of more than 1,000 agricultural families in Jones, Haskell, Shackelford, Knox, King, Kent, Stonewall and Dickens Counties, and will finance in any one year more than \$5,000,000 of the needs of these families. Since 1934 the association has grown from an institution of practically no capital and very few loans to an organization with loans outstanding of nearly \$3,000,000 at the present and a capital structure of more than \$1,000,000.

Directors of the association are C. G. Burson Sr. of Haskell, J. F. McCulloch of Stamford, Mark T. Claburn of Anson, J. C. Moorehouse of Benjamin and Lasater Hensley of Guthrie. Officers are: Burson, president; McCulloch, vice president; J. L. Hill Jr., manager; and J. R. Gleatun and R. C. Cobb, assistant managers. Offices are maintained at Stamford, Anson, Haskell, Munday and Spur.

Practically Full House Sees Play by Seniors

Practically a full house greeted the presentation last Friday evening of the senior class play of Hamlin High School, "June Graduate," which was superbly played by a cast of 11 members of the graduating class.

Net proceeds from the play will be used for the annual senior trip to New Orleans, Louisiana, in May.

Elmer Rhoton Takes Part in Army Tests

Private Elmer E. Rhoton, son of Mr. and Mrs. Marvin L. Rhoton of 512 Northwest Avenue F, recently participated in "Sabre Hawk," a Seventh Army maneuver, after arriving in Germany last month, according to a release from the Seventh Army base in Germany.

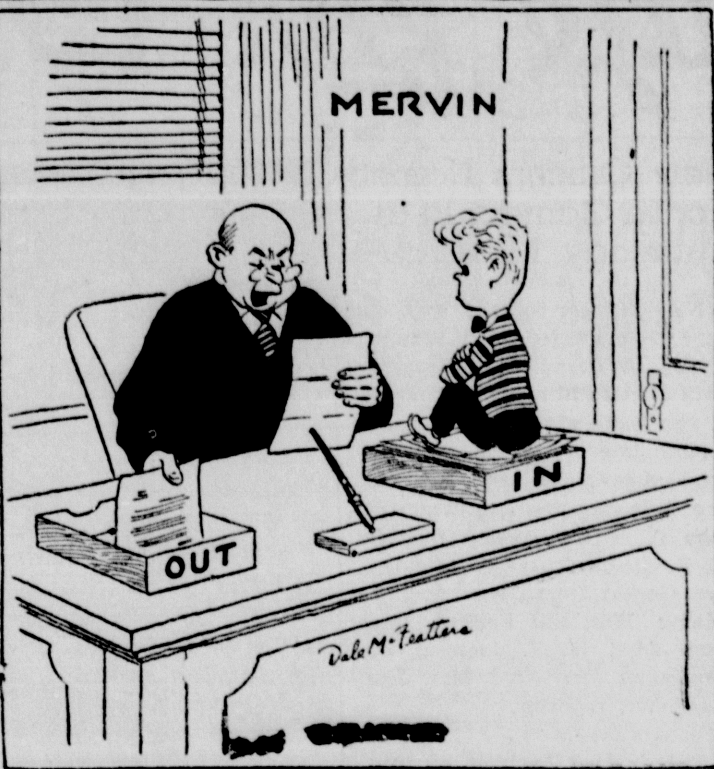

The maneuver, which involved more than 100,000 troops, was designed to test the combat readiness of Seventh Army units.

Rhoton, a gunner in Company B of the Eighth Division's 28th Infantry, entered the Army in June, 1957, and received basic training at Fort Riley, Kansas.

The 18-year-old soldier is a 1957 graduate of Hamlin High School.

Cemetery Working Set April 9 at Afton

An all-day cemetery working at the Afton Cemetery, five miles west of Hamlin, has been set for Wednesday, April 9, according to Mrs. W. R. Townsend, president of the cemetery association.

The cemetery has no permanent caretaker, and relatives who have loved ones buried in Afton cemetery are urged to come and bring tools for the work. Attendants who want to eat at the plot will please bring their lunches, Mrs. Townsend advises.

Lions Club Winds Up Sales of Bulbs For Blind Fund

Louis Madden was initiated as a new member of Hamlin Lions Club when the civic group met Tuesday at noon in the regular weekly luncheon meeting at the oil mill guest house.

Lion Tamer James Josey officiated at the induction rites that included pointing out of Lions Club motto, principles of membership and presentation of lapel button. Madden is an employee of the Celotex Corporation plant at Hamlin.

Tall Twister Joe League disposed of most of the balance of electric light bulbs that remained from the recent sales by the club members. Net proceeds from the sale will go into the club's blind fund, which is used toward the purchase of glasses and eye treatment for indigent children.

Rev. Calvin Bailey, who recently demonstrated his abilities as a professional golfer, gave some fine points on the game to a gaping group of duifers.

Several Hamlin Lions will attend a zone meeting at Sweetwater Thursday, it was announced by President Willard Jones.

B. O. Fairbetter was a guest at the Tuesday luncheon.

Women of First Baptist Church Hear Daughter of Missionaries to Indians

Members of the Woman's Missionary Society of the First Baptist Church met in the fellowship room Monday afternoon for a "Burnie Gifts" Tea.

Guests were greeted by Mrs. Edgar Duncan, president of the WMS; Mrs. Calvin Bailey, pastor's wife; and Rina Naranjo, a student from Hardin-Simmons University at Abilene.

Mrs. S. C. Ferguson registered the guests. On the cover of the guest book was a replica of the WMS pin. An arrangement of violets in a silver compote centered the table.

The tea table was laid with a white linen cloth with an Easter arrangement of jonquils and narcissus in a crystal bowl. The arrangement was a carpet of flowers under a make-believe Easter egg tree.

Punch was ladeled by Mrs. A. H. Trotter. Pansies tied with white ribbon and carrying a streamer

Annual Guest Tea Given by Woman's Literary Club Group

Members of the Woman's Literary Club held their annual Guest Day Tea at the First Methodist Church March 21.

Mrs. Bowen Pope and Mrs. W. A. Albritton served guests punch and cookies at the beautifully appointed tea table in the fellowship hall of the church. The centerpiece was an arrangement of white stock and yellow daffodils on a white table cloth.

Guests were assembled in the church auditorium where Mrs. J. W. McCrary rendered an interlude of organ music.

Mrs. Dick Maberry, president, welcomed and recognized out-of-town guests from Aspermont, Anson, Abilene, Stamford, Rotan and members of other clubs in Hamlin.

Mrs. R. D. Moore, program chairman, introduced the guest speaker, Mrs. B. L. Lacy, English instructor at Hardin-Simmons University at Abilene. Mrs. Lacy reviewed "The Very Young Mrs. Poe" by Cashburn O'Neill. This is an autobiography of the wife of Edgar Allen Poe, the great poet and short story writer, and was enjoyed by all.

with "Burnie Gifts Tea" on it were plate favors. Cookies were served from a crystal plate.

Those helping to serve were Mrs. L. R. Fowler, Mrs. A. Spencer and Mrs. I. D. Miller.

An Easter basket of spring flowers was on the piano. Mrs. Lesley Shelburne played piano selections during the tea hour.

Mrs. J. O. Murphree had charge of the program. Mrs. A. H. Trotter, prayer chairman, read Esther 4:14. Then she called attention to the prayer calendar which bore the names of missionaries having birthdays that day. Mrs. C. R. Lovell led the prayer for those on the calendar.

Mrs. Clyde Lewis sang "From Greenland's Icy Mountains," accompanied by Mrs. Charlie Abbott.

Mrs. J. O. Murphree explained about Margaret Fund students and about "Burnie Gifts." Then she introduced Rina Naranjo, a Margaret Fund student from H-SU, who told some of the experiences of her family in mission work among the Indians at Taos, New Mexico.

Mrs. W. L. Boyd closed the meeting with prayer.

Otidaka Camp Fire Grils Have Program On Making Slippers

Members of the Otidaka Camp Fire Girls group met at the hut last Tuesday and saw demonstrations on making bedroom slippers with wash cloths.

Refreshments were served by Mrs. Harvey Elkins.

Three of the girls, Connie Jo Duncan, Christy Wallace and Carol of Seals, instructed the other girls in making the slippers.

Next week the group will keep the Parent-Teacher Association nursery.

Those present Tuesday were Mary Margaret Turner, Mary Ann Elkins, Connie Jo Duncan, Christy Wallace, Carol Seals, Elizabeth Cunningham, Nora Belle Brown, Linda Scott, Linda Hallmark, Marolyn and Carolyn Reynolds, Jeannette Green, Margaret Renfro, Beverly Robertson, Bobbie Shields, Mary Lois Patterson, and three leaders, Mrs. Carl Green, Mrs. A. Wardrobe Planning Program Brings Out Interesting Facts at Club Meeting

Members of the Good Neighbor Home Demonstration Club met in the Neinda community club house for a program on wardrobe planning, directed by Mrs. Jack Kelly and Mrs. Dale Lain.

Beginning with the familiar expression of a female, "I haven't a thing to wear," steps to a planned wardrobe were developed. The following points were brought out in the program:

There is no doubt that some of our wardrobes have "grown like Topsy." Our closets may be bulging; our pocketbooks may be empty; but we still lack a proper outfit and satisfaction from our purchases. We can guard against disappointment and waste if we think through all the steps to a planned wardrobe before buying a single item.

Three rules that well dressed women all over the world understand suggest that you: (a) Build your wardrobe around you; (b) keep it coordinated and uncluttered; (c) make a plan and stick to it.

To help one plan here are steps to a planned wardrobe: Start on the bottom step and climb toward flattering and functional clothes:

1. List garments on hand and wearable. Go through closets and list only articles of clothing that are active in your wardrobe. Consider other items dead wood and remove them.

2. Plan to meet your activity needs: a. The things you do during the year; b. your hobbies; c. social activities; d. the weather; e. your health; f. your finances. Many garments will do double duty.

3. Know becoming lines in fashion. This step requires skill and study, for it is sometimes difficult to analyze yourself. Focus attention on your good points. See that your clothes tell the story about you that is true. Select and adapt well fitted styles that do something for your figure and personality.

4. Select colors to flatter you: a. Use special restraint with colors but never look drab or monotonous. A good wardrobe may be built around a single, basic color.

Rhode Island was not represented at the constitutional convention and was the last state to ratify the constitution.

Wars are not as deadly as automobiles.

with accents or a combination of coordinated colors that go together.

5. Repair: Restyle and discard. Before you go any further in planning your new clothes, decide how you can repair and bring the old ones up-to-date in style, fit, color and trimmings. Consider if garment is worth making over. It may be wise to discard it.

6. Plan your share of money. First plan how much of the family income can be used for family clothing, then figure how much of that amount is your share.

7. Buy new basic garments.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin.—It's "needing" time in Texas. That is the period when those in office start feeling the barbs of those who have their eyes on the same office.

Filing deadline for the summer's primaries is May 5. In any pre-election period the "outs" have a busy season of looking for "bugs under chips." Any likely looking "bug" is hauled out to test public reaction on its value as future campaign fodder against the "ins."

But this year no one has to look hard. Texas' problems are all too obvious. Unemployment has persisted stubbornly into the spring weeks. Oil, the state's No. 1 money-maker, is seriously bogged down. A multi-million-dollar deficit in state revenues is in prospect.

Hence, an open season for "viewing with alarm" and prospect of lively campaigns if some hard runners line up for major offices.

No More Specials.—He sees no need of a special legislative session now, says Governor Price Daniel, because the state government is already pushing an anti-recession program.

Governor Daniel's statement was in reply to a demand by the president of the Texas AFL-CIO for an eight-point program to combat unemployment. Jerry Holleman challenged the governor to back up his philosophy of "states rights" by meeting "states responsibilities." His "points" included revision of unemployment compensation laws, speeding up spending programs for buildings, highways, water projects, etc.

Daniel retorted that Holleman's demands took no note of work already moving apace. Texas, he said, "did not wait for a recession to exercise its responsibility of providing highway, water conservation, attraction of industry, increased salary and building construction programs."

"This is one reason the situation in Texas is much better than in most other states."

"I have every confidence," said the governor, "that the prophets of gloom and doom will not talk us out of a continuation of our unparalleled progress."

Water Board Commended.—Governor Daniel fired back a specific

reply to the AFL-CIO's urging to "push the water conservation program."

Water conservation has been one of Daniel's "most pushed" projects since gubernatorial campaigning days.

Daniel said, in effect, the new Water Development Board had moved in a cloud of dust to get organized, set up rules, establish procedures, begin hearings and give preliminary approval to two projects—all within 90 days after taking oath of office.

Two projects, if finally approved, would lend \$5,000,000 to the Sabine River Authority for a new lake, and \$350,000 to the Williamson County Water District No. 1 for a water diversion project.

TEC in Fuss Parade.—Internal fussing contagious with state boards has spread to the Texas Employment Commission. AFL-CIO is stoking the fire from the outside.

TEC's member representing labor, R. F. Newman, blasted the fuss into orbit by accusing the other two members, Chairman Perry Brown and Maurice Acers, of dealing him out of policy decisions. Brown represents the public and Acers the employers.

Argument focused initially on policy toward employees within TEC itself. Newman contended morale of TEC's 2,000 employees was shot. They live in fear, he said, of knife-in-the-back retaliations, salary cuts and demotions when their decisions offend trade groups, corporation lawyers or volunteer legal counselors.

Acers retaliated in a letter to trade organizations and employers charging Newman and "representatives of organized groups" with using the recession to gain their own ends.

That brought AFL-CIO leaders into the fray. State President Jerry Holleman fired back that Acers was flagrantly wasting state funds for propaganda purposes. Acers was also accused of denying just claims for unemployment compensation and forcing workers to go to court for rightful benefits.

Acers had a reply for that, too. Merely another attempt by AFL-CIO to influence commission policies, he said.

TEC supervises collection of unemployment taxes from employers and payment of benefits to unemployed workers.

No Help from Ike.—More tears than oil flow these days in Texas petroleum circles. President Eisenhower's token tightening of the voluntary oil import quota plan just won't help, oil men say.

They had pled for an import crackdown to relieve the slump in demand for domestic oil. What they got was "much too little and much too late," said J. J. O'Brien of San Antonio, president of Texas Independent Producers and Royalty Owners Association.

Governor Daniel called the ac-

KERRY DRAKE

tion from Washington wholly inadequate. Railroad Commissioner William J. Murray didn't see how the effort could be effective.

Eisenhower's plan called for a minute curtailment of voluntary imports of crude oil but left products untouched and the import door wide open to newcomers.

Texas fields were on a nine-day production pattern throughout March, with an eight-day pattern ordered for April.

Two Plus Two.—In most educational circles, prime interest has shifted from "Why Johnny Can't Read" to "Why Johnny Can't Cal-

culate the Orbit of a Satellite."

But even before Sputnik, the State Board of Education set up a special 20-member commission to study the effectiveness of mathematics teaching in Texas public schools.

School administrators, teachers and board members making up the commission began their one-year study at a meeting in Austin. Broad aims are to discover whether requirements are adequate, courses sound and teaching methods effective.

No Break Yet.—Payments to the jobless hit a record high of

\$1,568,958 in one week, according to the Texas Employment Commission's latest report.

Number of persons filing compensation claims inched up from 89,309 the previous week to 92,435.

TEC's mid-February report showed some 75,000 persons covered by unemployment insurance out of work. At that time it was hoped that approach of spring would bring the usual pick-up in jobs.

Instead, unemployment has increased more than 20 per cent.

Short Shorts.—Doris Connerly, legislative reference director for

the state library, was cited as "Public Employee of the Year" at the first awards banquet of the Austin chapter American Society for Public Administration.

FORT WORTH VISITORS. Mr. and Mrs. M. O. May and George Steele of Fort Worth visited over the week-end with Mrs. Etta Bond and other relatives. Mrs. May is a sister and Steele a nephew of Mrs. Bond.

SLOWING THINGS DOWN. Mother—"Why are you writing that letter so slowly?"

Maundy Thursday Services Set Tonight

Maundy Thursday services will be conducted at the First Methodist Church this (Thursday) at 7:30 o'clock, according to Pastor Edmund W. Robb. This is a traditional service by most Methodist churches, Robb states.

The choir will present a special communion anthem before the observance of the Lord's supper. Pastor Robb will give a communion meditation.

Senator Johnson Says Congress Trying To Cope with Problems of Country

Many questions come to me, declares U. S. Senator Lyndon B. Johnson, in his weekly news release from Washington to The Herald, in letters I receive from friends in Texas. They are questions about unemployment and what can be done to provide more jobs for our people—questions about the possibilities of reducing taxes—questions about the social security program, the farm problem and many other subjects.

Many of these questions are of general interest. I have therefore decided to answer some of them in this news letter—although, of course, I reply directly to people who write me. The answers given are based on the best information available from congressional committees and executive agencies—and, when they involve a question of personal opinion, on my own views.

Is the present business slump likely to turn into a depression? All of us naturally hope not. Personally, my confidence in the future of our country is strong. I do not accept the theory that our nation is foredoomed to "boom or bust" cycles. I believe the American people have the initiative, the energy and the courage to tackle any problem, no matter how big.

Between 5,000,000 and 6,000,000 people are out of jobs. What is the government doing about unemployment?

Approximately 2,000,000 potential jobs could result from enactment of various measures pending before Congress.

The accelerated highway program would create a potential of 600,000 jobs. The bill providing this has been approved by the Senate public works committee and will be taken by up the Senate in the very near future.

A housing bill could create a potential of 600,000 jobs.

A speed-up in expenditures of money already appropriated for civil and military public works would create a potential of 480,000 jobs. The resolutions I introduced calling for such a speed-up have been approved by Congress.

The \$1,500,000,000 omnibus rivers and harbors bill approved by Congress would create a potential of 360,000 jobs if the construction were accelerated and compressed into six months.

Is anything being done to help the farmers?

We have passed a farm bill that would prevent further reduction in acreage allotments and keep farm prices from being forced down further. This is not all that needs to be done to meet the farm problem, but it is at least a step in the right direction.

Your own questions about current issues will be welcomed. So will your comments, your suggestions, your criticisms.

Veterans are responsible for the accuracy of statements on which they are hospitalized by Veterans Administration for non service connected disabilities the agency said this week in a release to The Herald.

VA said war-time veterans without service connected disabilities may be admitted for non service connected conditions when beds are available provided they state under oath they are not able to pay for the needed care.

Along with the oath the veteran is required to file a statement of his financial assets and liabilities.

Special Services at Oak Grove Church Features Visitors

Special services were conducted last Sunday at the Oak Grove Colored Baptist Church, reports Rev. J. L. Johnson, pastor.

Increased attendance was recorded at the Sunday School. The morning worship service was featured by several special messages in song, with Ellis Wamsley at the piano.

Following the worship service, dinner was served at the church to attendants.

The afternoon program began with several numbers by the Oak Grove choir, followed by special selections from the Stamford church choir. Rev. A. Mackey, pastor of Solomon Temple Baptist Church of Stamford, preached.

The Oak Grove choir had charge of the evening worship service. The group rendered several spirituals, and solos were sung by Venita Mayfield and Eardene Davis.

Joe League Made New President of Lakeview Golfers

Joe League, official of the General Crude Oil Company at Hamlin, was elected president of the Lakeview Country Club in a business session held last week. Joe Ford was named secretary-treasurer. One-year directors elected are John Hudson and Dr. M. L. Smith, and two-year directors are R. C. Bell and Dickie Ferguson.

Recent good rains in the territory have put the Lakeview golf course in the finest condition it has been in for several years, officials say. Continuing work on the turf and terrain of the fairways is being done by the caretaker, and heavy grass greens are being cared for and maintained to make the course one of the best little courses in the region.

President League says that the Lakeview Golf Club will sponsor an invitational golf tournament early in the summer. Dates for this meet, to be open to all golfers of the Central West Texas area, will be set soon, League declares.

There are about 45 members in the club. Other interested golfers and people of the Hamlin territory are invited to join.

Josey Moves Shop to New Wilcox Building

Hamlin Paint and Body Shop, operated by James Josey, was moved Tuesday to the new Wilcox building at the corner of Southeast First Street and Avenue A. It formerly was located on East Lake Drive.

Several new pieces of equipment have been added to the new plant, including a new type frame and body straightening machine, Josey announces. Other services of the shop are car painting, glass replacement, upholstery and body repairing.

Mrs. Edgar Duncan Named Chairman In Cancer Crusade

Mrs. Edgar Duncan was named community chairman for the American Cancer Crusade that is scheduled to get underway in the next few days as part of a county-wide drive.

Basic aims of the American Cancer Society Crusade are two-fold this year—the goals are to reach the public with life-saving cancer facts, and to raise enough money to step up research projects directed at conquering the killer, Ed Sprowls of Anson, county crusade chairman, has been informed in a letter from the state chairman, Edwin T. Phillips Jr. of Austin.

Organization of the county for the drive during April, which is set aside as Cancer Crusade Month, has already been initiated by Sprowls, who has appointed chairman in all of the larger communities.

Need for funds is greater this year because most counties report increases from 50 to 300 per cent in their service to cancer patients, the chairman said. On the national research front requests for some \$14,000,000 for research projects had to be turned down because of inadequate funds last year.

Community chairmen already enlisted on a volunteer basis include: Joe White, Anson; Mrs. Ed Duncan, Hamlin; Charles Taysman, Stamford; Bob Moore, Lueders; Mrs. D. C. Rister Sr., Hawley; Mrs. Franklin Godfrey, Furst; and Mrs. W. H. Kelso, Truby.

Other community chairmen will be announced this week, Sprowls says.

Landscaping Topic For Farm and Home Development Session

Thirteen attended the farm and home development family night Monday at the extension agent's office in Anson.

After an enjoyable meal of sandwiches and the trimmings, there was a program on landscaping. Bill Lehmborg and Mary Newberry, extension agents, showed slides on "Plan Before Planting" and "Shrubs for Year-Round Color."

Those attending were Mr. and Mrs. Birger Haterius of Ericksdahl, Mr. and Mrs. Woodrow Simmons of Anson, Mr. and Mrs. Grady Smith and Joyce of Hamlin, Mr. and Mrs. J. L. Herman and James of New Hope, the agents and B. V. Newberry of Hamlin.

Next meeting for the farm and home development families will be an ice cream supper on Monday night, May 26. There will be a program on food preparation and preservation with emphasis on the best methods of utilizing the home freezer, the barn, the corral and fence arrangement.

Foursquare Gospel Church Sets Special Services for Easter

Day of worship on Easter Sunday at the Foursquare Gospel Church will begin at 6:00 a. m. with a sunrise service, announces the pastor, Rev. John Holland. "This will be the dawning of a new Easter, and our service will bring us to worship at the tomb, which will be constructed to add to the service," the pastor says.

Rev. Holland will be speaking on "A Dawn to Be Remembered." It will be a special consecration service in candlelight, with communion following.

Directly following the sunrise service there will be breakfast at the home of Mr. and Mrs. Mack Sellers.

The 11:00 o'clock hour service is designed to draw attendants to the risen Lord. The choir will sing a special song entitled "He Lives." There will be a dedication service for Debra Sue Hollis, daughter of Mr. and Mrs. S. C. Hollis. The pastor will speak on "Resurrection Power."

Work Due to Start This Week on Farm Road to Royston

Work was due to get underway this week on the newest highway project for the Hamlin territory.

Contract for the construction of grading, structures, base and surfacing on farm-to-market roads Nos. 668 and 2142 in Fisher and Jones Counties was awarded in Austin last week, J. C. Roberts, district highway engineer at Abilene, has announced. The firm of Ivan Dement, Inc. of Amarillo submitted the low bid of \$169,767 on the projects which runs from Royston northeast on the Jones County line; from Celotex north to FM road 2142, and from the Fisher County line east to Hamlin, a distance of 12.1 miles.

Resident Engineer Nelson Shave of Hamlin will be in charge of the project for the Texas Highway Department.

It is estimated that the work will take 115 days to complete.

Hilton Baptist Revival Begins Next Sunday

Congregation of the Hilton Baptist Church, four miles west and one mile north of Hamlin, will conduct an eight-day revival meeting beginning Sunday. It is announced by Rev. R. A. Guthrie Jr., pastor.

Visiting evangelist for the services will be Rev. Norris Onstead, pastor of Swenson Baptist Church, Palmer McGowan of Hardin-Simmons University in Abilene, will lead the singing.

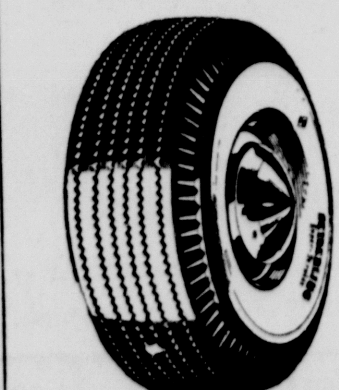

Only night services will be conducted during the week, beginning at 8:00 o'clock. Prayer meetings will be held each week day evening at 7:30.

Easter Cantata to Be Given Sunday By First Baptists

Thirty-five voice choir of the First Baptist Church will present an Easter cantata by J. H. Maunfelder Sunday evening at 8:00 o'clock, the pastor, Rev. Calvin Bailey announces. The public is invited.

Requiring about 35 minutes to present, the musical feature will take the place of the usual evening preaching service. Incidentally, the new time for the evening services are changing Sunday, it is pointed out, from 7:30 to 8:00 o'clock, which time will be in effect through the summer.

Director of the cantata is Billy Davis of Abilene, who is musical director for the church. Organist is Mrs. Marvin Carlton and pianist is Mrs. L. B. Baker.

Besides the choruses embracing all voices of the choir, solo numbers will be rendered by Mrs. Clyde Lewis, soprano, and Jerry Self, baritone of Hardin-Simmons University at Abilene.

Title of the cantata is "Penitence, Pardon and Peace," theme of which, of course, is centered around the Easter story, Davis declares.

RAILS SET SAFETY MARK

The best passenger safety record since an all-time low in 1952 was established by the American railroads during 1957. Only one fatality for each 1,625,000,000 miles of passenger travel occurred, giving roads a safety rate of .06 per 100,000,000 passenger miles. The railroads' all-time passenger safety record set in 1952 was a fatality rate of .04 per 100,000,000 passenger miles.

Bad Writing Causes Delays in Tax Returns

There are a lot of ex-school teachers who work for the Internal Revenue Service who are experts in reading and scratching that is supposed to be writing, notes a release to The Herald from the service. This time of the year these folks are always straining their bifocals trying to figure out the bad writing on the tax forms.

A lot of folks do not stop to think that their tax return is only one of millions that these people

have to read and that bad writing can give some other taxpayer credit for the tax you have paid or the refund that you are due. The tax folks sure would appreciate your taking time to print your name and address and writing all your figures plain like, declares Tax Man Sam.

Calumet was the name of the ceremonial peace pipe used by North American Indians.

Good Stocker Demand Helps to Keep Livestock Prices up at Fort Worth

Stocker demand remained very broad and prices were stronger again, despite a 20 per cent increase in the cattle and calf offering at Fort Worth Monday, according to the weekly market summary of Ted Gouldy, special market reporter for The Herald, in his release, which continues:

Slaughter interests were again faced by a very tight supply situation, and were forced to yield stronger prices on their portion of the supply. Anything suitable to go back to the pasture was priced beyond the reach of slaughter interests. The somewhat more open weather of the past week-end enabled stockmen to expand shipments to market.

Comparative prices: Mature steers were virtually lacking in the run. Good and choice slaughter yearlings cashed at \$25 to \$28, and medium and lower grades sold at \$16 to \$24.

Fat cows cashed at \$18 to \$20.50, and canners and cutters sold from \$12 to \$18. Bulls brought from \$15 to \$21.75.

Good and choice slaughter calves sold from \$24 to \$28, and common and medium offerings cleared at \$17.50 to \$24. Culls sold at \$14 to \$17. Good stocker calves and lightweight stocker yearlings sold from \$23 to \$28.25, some around 550-pound yearlings at \$28.25. Heifer calves of good grades sold around \$24 to \$26. Some good to choice 350-pound calves sold at \$29.

There were about 7,000 sheep and lambs in the run at Fort Worth Monday as clearing weather last week permitted some expanded movement to market. A larger portion of the run was new crop milk fat lambs, and prices were firm on them. Old crop lambs and yearlings encountered some weakness and were much less active in clearing than were the new crop lambs. Old sheep were scarce and fully steady. Feeder outlets followed the slaughter interests in putting some pressure on old crop feeders.

Good and choice slaughter spring lambs cashed at \$23.50 to \$24.50 and cull to medium sorts sold from \$17 to \$23. Good and choice shorn old crop lambs ranged from \$20 to \$23, with most sales from \$21.50 down. Lambs at \$21.50 and \$23 carried No. 1 or better pelts, while recently shorn lambs stopped around \$20 or \$20.50 at best. Medium and good feeder lambs sold around \$20 to \$21.

Some excessively heavy yearlings and twos sold around \$15 to \$16, and lighter weight yearlings drew \$18 to \$19. Old wethers cashed at \$16 down. Slaughter ewes sold from \$9 to \$11. Some aged broken mouthed ewes sold for stocker purposes up to \$12.

The trade on hogs at Fort Worth Monday saw some of the most determined sorting for meat type hogs that has so far developed here. Both major and the smaller packers were bearing down on lard type hogs and willing to pay premiums for the meat type hogs, and a wide spread developed in prices. The 12 major markets had 10,000 more hogs Monday than a week earlier.

The day's extreme top was paid for only a dozen head of fancy No. 1 meat hogs, and the bulk of the better meat types falling in No. 1 or No. 2 classifications sold at \$22 to \$22.25. Other good butchers of mixed grades and weights sold from \$20 to \$21.50. Stags sold from \$19 down. Packing sows sold from \$18 to \$20.

Mother of Hamlin Minister's Wife Dies Last Tuesday

Death came last Tuesday evening to Mrs. Callie Elva Bailey, 68-year-old mother of Mrs. Austin Siburt, who had been making her home in the Siburt home for several months. Mrs. Bailey died at the Hamlin Memorial Hospital after an illness of about two weeks. Previous to coming to Hamlin she had lived at Rector, Arkansas for 30 years.

Siburt is minister of the Hamlin Church of Christ.

Mrs. Bailey was born October 13, 1889, at Middleton, Tennessee, the daughter of Mr. and Mrs. H. N. Harris. She had taught school in Tennessee in her young womanhood. She married Z. H. Bailey at Middleton on June 4, 1916. Mr. Bailey died in February, 1937.

The body was taken to Rector, Arkansas, where funeral services were conducted Friday afternoon. Burial was in the Woodland Heights Cemetery at Rector.

Survivors include one son, A. B. Bailey of Coleman; one daughter, Mrs. Austin Siburt of Hamlin; one brother, Manson Harris of Tennessee; two sisters, Mrs. A. H. Maxwell and Mrs. G. D. Rudd, both of Tennessee; and six grandchildren.

Several Hamlin area people went to Arkansas for the funeral Friday.

stockyards following the disastrous fire there, will be a new assistant manager at Fort Worth starting May 1.

John M. Lewis, currently president and general manager at the Sioux Falls stockyards, has been assigned to Fort Worth, according to General Manager W. L. Pier.

"Lewis will play a key role in the many plans we have for remodeling and improving the facilities at Fort Worth," Pier said. "Our vast program of streamlining and improving will call for more and better facilities for handling truck and trailer shipments and convenience for patrons. Once our business was 100 per cent rail shipments, and now it is 98 per cent truck shipments. Modification has been going forward for many years, but our full program will now get underway following a complete engineering study. In order to make these improvements and still handle the 2,000,000 or 3,000,000 head of livestock which will use our facilities this year, will be difficult. However, the first stages of the program have been so well received by stockmen and their families that we want to push the rest as rapidly as possible."

ADVANTAGES OF TURNPIKE—Fare plaza at Dallas end of Dallas-Fort Worth turnpike illustrates convenience provided motorists for paying fares to ride the \$8,500,000 super-highway. More exit lanes than entrance lanes speeds up movement of traffic, and it is one of a total of two stops turnpike travelers make, compared with 45 traffic signals at U. S. Highway 80 and 19 on U. S. Highway 163.

Estimated 11 from County Released During February

An estimated 11 from Jones County were released from active duty in the armed forces during February.

According to reports required by law from the uniformed services to the state director of selective service, the armed forces during February relieved 4,155 Texans from active duty.

During the same time, reports Colonel Morris S. Schwartz, state selective service director, the Army, Navy, Marine Corps, Air Force and Coast Guard notified him they enlisted 2,788 Texans.

In addition, during February the Army inducted 641 Texans through the state's 17 draft boards, including the one at Anson serving Jones, Haskell and Shackelford Counties.

Three reservists were inducted into the Army and Coast Guard, as provided by law, for failure to perform reserve obligations.

The state draft boards during February forwarded a total of 1,889 men for pre-induction mental and physical examinations. After examination at armed forces joint examining and induction stations a total of 1,140 was found acceptable for service. The remaining 749 were rejected.

The draft boards registered 5,890 males during February, nearly all 18-year-olds. Males are required to register at a local board on their eighteenth birthday or within five days thereafter. Males born after August 30, 1922, are legally obligated to be registered except those not yet 18.

Freight Carloadings For Santa Fe Still Fall

Freight carloadings for the Santa Fe Railway System for the week ending March 22, 1958, were 20,016 compared with 22,889 for the same week a year ago. The decline is one that has been maintained for several weeks. Cars received from connections totaled 10,180 compared with 12,741 for the same week in 1957.

Total cars moved were 30,205 compared with 35,630 for the same week a year ago. Santa Fe handled a total of 30,117 cars in the preceding week this year.

Hamlin Rotarians and Wives Go to Inter-City Meeting at Stamford

Thirty-six Rotarians and wives from Hamlin attended the five-city meeting of Rotary Clubs last Tuesday evening at Stamford. About 300 club members, wives and friends attended the banquet and program that followed. The session was held in the Cowboy Reunion Round-up Hall.

Clubs participating were from Stamford, Hamlin, Rule, Haskell and Rochester.

Special guest club members were from Abilene and Fort Worth. The Fort Worth club provided the evening's program.

Dr. Law Stone, president of Texas Wesleyan College at Fort Worth, was the speaker of the evening. He gave highlights from his recent tour of Europe, when he observed economic, political and educational conditions in several countries.

No regular weekly luncheon meeting of the Hamlin Rotary Club was held last Wednesday in lieu of the Stamford gathering.

Fairview Baptists Reach One of Goal in Achievement Project

One of its goals for the rural church achievement program was reached Sunday by the Fairview Baptist Church, report officials of the congregation. Services for the day were in charge of the young people of the church.

Sandra Randolph acted as song leader, Penny Ford pianist, Jody Ford superintendent of Sunday School. Devotional was presented by the junior class with Nancy Ford reading the scripture and Nancy Ford and Linda Goodwin singing "The Old Rugged Cross."

Between Sunday School and preaching services Charlotte and Sandra Randolph presented the song, "Farther Along."

Joyce Gray acted as Training Union director at the evening services.

Five Generations at Party for 87-Year-Old Hamlin Grandmother

Mrs. S. T. Long, the former Mrs. Lizzie Cantrell, celebrated her eighty-seventh birthday in their home, just south of Hamlin.

Mrs. Long raised four girls and three boys in and around the Abilene area. Mrs. Cantrell lived in the Anson area for about 30 years, where she met and married Mr. Long five years ago. They have made Hamlin their home since that time.

A bounteous dinner was served with members of the family gathering from New Mexico, Memphis, and a host of friends and relatives from the Hamlin territory.

There were five generations of the Cantrell family present at the dinner—Mrs. S. T. Long; her daughter, Mrs. W. B. Holladay; her grand-daughter, May Griffin; her great-granddaughter, Marie Harris; her great-great-grandchildren, William and Earlene Harris. Also one of her sons of Memphis, J. L. Griffith, and family were present.

The following friends and families were present: Rev. and Mrs. John Holland, Charlene Anglin and Lanton, Lottie Rhodes, Agnes and Ronald Hall, Mr. and Mrs. J. G. Smart, Mrs. J. D. Long, Ruth Long Mahan and Reba Long and S. T. Long of Hamlin; Mary Rhodes, Grady Clark, Dollie Mayfield and Lora Earnest of Anson; May Griffin, Marie Harris and children and Mr. and Mrs. W. B. Holladay, all of Roswell, New Mexico.

Program on Keeping Sick Happy Presented

Mrs. James Brown and Mrs. J. E. McCoy gave the program on "Ways to Keep Sick-Abeds Happy" when members of the Good Neighbor Home Demonstration Club met in the Neinda community club room.

They gave ideas on how to keep children happy while in bed and also when convalescing. It was an interesting program, especially for young mothers. Different ages require different types of entertainment, it was brought out. Several dozen ideas were given.

Mrs. Dele Lain served refreshments to Mmes. Sam Hodges, Lloyd Gauntt, James Brown, J. E. McCoy, Elmer Joiner, L. R. Faulk-emberry, Earl Madden and Noel Weaver.

In one year the U. S. output of chocolate candy alone totaled more than 267,000,000 pounds.

Being a column in which the publisher just "blows off the steam."

By Willard Jones

THIS IS THE WEEK for practical jokes. We hear the story about a couple of lads over around Turkey who captured a bobcat. They secured a suitcase, put some Texas Tech stickers on its sides, put the bobcat in the suitcase and left it beside the highway.

A carload of seven negro youths came along, spotted the suitcase, stopped and took it. A few miles down the road they decided to open it up and see what kind of a wind-fall they had fallen upon. Immediately the car exploded. Two in the back seat dived out the door, fracturing some legs. One in the front seat fractured his skull in abandoning the speeding automobile. As for the bewildered bobcat, he was still in the car as it went off a bluff.

We understand the judge wants to punish the two boys for precipitating the near tragedy, but can't find anything in the statute books making it an offense to put a bobcat in a suitcase. We just wonder if the judge can't find a law exacting punishment for stealing someone's property along a state highway.

Here in Crosby County it is reported that someone prepared a dummy of a man and left it in the middle of the highway between Ralls and Lorenzo. Reports began to filter into Ralls, Crosbyton and Lorenzo that a man was lying in the highway. Officers found the dummy had been run over several times, which indicates there are motorists running loose who failed to stop and render aid at the scene of the "accident."—Uncle Claude by Cecil Waggoner in The Claude News.

MANY OF YOU remember W. J. (Bill) Miller, former manager of The Panhandle Herald and now owner and publisher of The Spearman Reporter. Miller is now in the Veterans Hospital at Amarillo. Mrs. Park and I tried to visit Sunday evening, but the man in charge said to wait until Monday.

We worked for Bill for many years and will always appreciate his patience and kindness. We'll not be surprised if the doctors found two hearts when they cut into Honest Bill. One he needed to keep alive and the other he would lend to friends in need!—Paul Lottin in The Panhandle Herald.

GLORIA HULSEY, Hamlin girl who is serving in the Women's Army Corps, this week writes from her new assignment at Fort Sheridan, Illinois. We reproduce portions of her letter:

I have been transferred from Fort Sam Houston and am asking you to please change the address on my Herald.

Really, I don't know what I would do if it weren't for my home town paper each week. When one is in the service they all too often find themselves cut off from the happenings of their home town. The papers from our homes grow to mean a great deal to potentially homesick service men and women.

I have been quite fortunate since coming to Illinois. I have received my promotion to private first class and am being given advanced training in the bacteriology division of the Fort Sheridan Medical Laboratory. This is one of the greatest things the Army Medical Corps can offer a newly graduated laboratory technician.

Take a long look at Texas for me. I miss home and Texas very much.

HAL COCHRAN, as we have said several times before, is one of our favorite quipsters. We again lift some of his recent jibes from his Barbs column of The Fort Worth Press:

Some ants are said to live as long as 10 years—and sometimes in the same kitchen cabinet.

The government spends a lot of money in order to advise us what the cost of living has done, as if we didn't know.

Take a tip from the fish: Fight the hardest when you're at the end of your string.

Many a man whose wife says he's not worth a cent is sued by her for plenty of alimony.

You won't say as many things you shouldn't if you breathe through your nose and thus keep your mouth shut.

FIRST SALUTE—When asked to salute for the camera, Basic Trainee Private Elvis Presley said, "I'm not too good at it," then came through with a salute snappy enough to gladden the heart of any old soldier. Presley began his eight weeks of military training at Fort Hood in the Second Armored Division.

Flower Show Slated Again by City Club

"Spring Treasures" will be the theme of the Spring Flower Show, to be sponsored by the Hamlin Garden Club Saturday, April 19, at the Hamlin High School gymnasium, officials of the club said this week as their announced the second annual show.

The show will be from 3:00 to 7:00 p. m., and the public is invited to attend the exhibits.

Officers Elected for Cub Scouts Monday at Business Meeting

Cub Scouts of Hamlin met Monday evening in the Primary School cafeteria for their monthly pack meeting.

Cubmaster R. L. McClung and Assistant Cubmaster George Poe presented the awards. Hamlin now has approximately 80 enthusiastic Cubs, the leaders report.

In the business session the following officers were elected for the year 1958-59: J. E. (Runt) McCoy, Cubmaster; J. D. Josey, assistant Cubmaster; L. C. Bonds, assistant Cubmaster; G. W. Kincaid, institutional representative; L. C. Bonds, chairman committee; Dr. M. L. Smith, L. A. Joiner, George Poe, Charles Connally, Rev. Victor Ortiz, committeemen; Fred B. Moore Jr., secretary-treasurer; Mrs. Byron O. Bell, awards chairman; Mrs. Thomas Ferguson, reporter.

Hamlin Will Be Host in May to 3,000 Singers at Big Sunshine Convention

Hamlin will be host to some 3,000 singers and song lovers of West Texas on May 3 and 4 when the annual convention of the West Texas Sunshine Singing Convention is staged here.

Announcement of the forthcoming gathering of musicians was made this week by E. H. Tanskerley Jr., president, and Gayle Baize, secretary-treasurer.

The sessions will be conducted Saturday night, May 3, beginning at 7:30 o'clock, and on Sunday, May 4, beginning at 10:00 a. m. and continuing till 4:00 p. m.

West Texas Sunshine Singing Convention embraces a territory extending from Wichita Falls and Lubbock on the north to Eastland and Midland on the south. Thousands of singers and those who love to hear the singing will be on hand for the songfest, Baize says.

Several outstanding quartets and other groups are expected to be here for the gathering.

Baize said that usually the conventions are held in the larger cities of the territory, and that Hamlin should be complimented that the group voted to hold their 1958 convention here.

Besides the two offices named,

other vice presidents of the group are Dewey Cowington, Charley Bourland, Eddie Williams, Homer Edwards and Wesley Campbell.

Hamlin Bandsters Win Five Places in Snyder Solo Contests

Hamlin High School's Pied Piper Band had several contestants in the annual Region II Interscholastic League ensemble and solo contests held Saturday at Snyder. Hamlin attendants came back with four first division ratings and one second division.

Solos and ensembles were rated from the top, Division 1 through Division IV, the lowest rating. About 1,000 students from 48 area schools participated in the one-day contest held at the Snyder High School auditorium and band hall.

The saxophone quartet, composed of Jerry Crowley, Barbara Cheshier, Anne Richey and Peggy Killion, received first divisions; and the solos of Libby Johnson, Barbara Cheshier and Bryan Sheldone each got a first; while Kay Johnson received a second division on his first contest solo.

Hamlin High Boys Win Second Place In Amarillo Relays

Athletes from Hamlin High School placed second to the Dalhart Wolves in the Class A division of the ninth annual Amarillo Relays Saturday. Dalhart placed first with 22 points, and Hamlin was second with 19 points.

Vigil Wilson, Ken Prewitt and Bill Murff had some bad luck in their races. Wilson had the best qualifying time going into the semi-finals, then hit five hurdles and did not qualify for the finals. Murff drew lane one in the finals of the 440-yard dash, which was muddy and wet; Prewitt ran his 880 in a separate heat from the second and third place winners which he had run a better time than both boys three times before this year.

The Pied Pipers' only firsts came in the low hurdles, with Bryson running first by seven yards with a time of 20.5. Wilson placed fourth in the low hurdles. The other first place came in the mile relay.

The Pipers brought home two large trophies—one for second place in the Class A division, and the mile relay trophy. The mile relay team was composed of Bryson, Wilson, Prewitt and Murff.

Statistics on the Amarillo Relays follow: Discus throw—Jenkins, second place with 123 feet 10 inches; broad jump—Murff, third place with a jump of 18 feet 5 1/2 inches; low hurdles—Bryson, first; Wilson fourth; time 20.5 seconds; 440-yard dash—Murff, third with time of 54.1 seconds; 880-yard run—Prewitt, fourth with time of two minutes 14.5 seconds; mile relay (Bryson, Wilson, Murff and Prewitt), time of three minutes 42 seconds.

Two School Trustees Be Elected Saturday

When voters of the Hamlin Independent School District go to the polls Saturday they will have a choice of two for the three places on the board of trustees. Terms of Noel Weaver and Fred B. Moore Jr. expire, both of whom are candidates for reelection, and R. L. McClung's name has also been placed on the ticket.

Voting will be held Saturday from 7:00 a. m. till 7:00 p. m. at the Hamlin High School business office. Harold Williams is election judge.

Early Response Good To Red Cross Drive

Early response to the annual Red Cross drive for funds in the Hamlin community are encouraging, declares Don Lock, chairman for the campaign. Only part of the workers had reported Wednesday, he said.

Goal of \$1,750 had been set for the community. Teams of canvassers were working all sections of the business and residential sections of the city.

President Order Offers Little Hope for New Oil Production

Miller Harmon Is Elected President Of Foundation

Miller Harmon was named president of the Hamlin Foundation, Inc. for the coming year when directors of the organization met Monday evening in its first meeting of the year at the oil mill guest house.

Other officials named were: Bobby Crowley, vice president; Mrs. John Howard Jr., secretary-treasurer; and Mrs. L. A. Joiner, reporter.

Delegates from 14 clubs of the community were present for the session. The foundation was formed as a non-profit organization to promote and manage the swimming pool at the city park.

A summary of last year's expenditures and a financial report were made by the secretary-treasurer.

Improvements necessary for the opening of the swimming pool were discussed, and arrangements for obtaining an operator for the pool this summer were made. Anyone interested in operating the pool may contact C. L. Howard.

Hamlin Board of Community Development was elected to membership to replace the former Chamber of Commerce.

An auditing committee composed of Mrs. John Howard, Mrs. Joe League and Mrs. C. F. Cook was appointed for study of the past three years' financial report, their findings to be reported at the next meeting of the foundation on Tuesday, April 11, at the oil mill guest house.

Easter Holidays for School Begin Today

Students and teachers of Hamlin Schools will have two holidays from classes this week-end for the Easter holidays. Classes will be dismissed this (Thursday) afternoon and will not be resumed until next Tuesday morning.

These will be the last holidays before the end of school. Superintendent of Schools C. F. Cook says.

First Methodists To Begin Spring Revival Sunday

Beginning with Easter Sunday services, the spring revival of the First Methodist Church will continue through the following Sunday, April 13, it is announced this week by Rev. Edmund W. Robb, the pastor.

The pastor will be in the pulpit Sunday morning, when his topic will be "The Kingdom of God—Consummated."

Evangelist for the worship services Sunday night and all during the following week will be Rev. Don Davidson, pastor of Asbury Methodist Church of Lubbock. He is chairman of the Northwest Texas Conference Board of Hospitals and Homes.

Week day services will be 7:00 a. m. and 7:30 p. m. Breakfast of coffee and doughnuts will be served to attendants from 6:30 till 7:00 each morning by members of the Men's Bible Class.

Weldon Crowley, student at McMurry College in Abilene, former youth director of the local church, will be song leader for the revival.

Land Owners and Others Affected See Some Relief

Land owners oil royalty holders and producers, as well as scores of others connected with the oil industry in the Hamlin territory were cheered some by President Eisenhower's order issued last Thursday for oil companies which have been bringing foreign crude oil into the country to cut their imports 15 per cent.

Texas oil industry has been suffering considerably from the eight-day prorations of oil allowances per month for wells producing in Texas. One of the major reasons for the big oil production cut has been the imports of millions of barrels of oil from foreign countries.

The reduction, effective April 1, is part of the government's voluntary crude oil import program. The cut applies only to imports from the Rocky Mountains eastward and primarily affects oil from Venezuela and the Middle East.

Eisenhower tightened up the program by directing the military services and other government agencies not to buy oil from companies which do not comply with the voluntary program of company quotas.

Easter Services Set At Assembly of God

Special Easter services are planned Sunday at the Assembly of God Church in South Hamlin, according to the pastor, Mrs. W. G. Miller.

Services will begin at 9:45 Sunday. The Easter services will start a series of "loyal services" which will continue for seven Sundays.

Rev. and Mrs. T. M. Barrett will preach and conduct the singing in all-day observance Easter Sunday. Dinner will be served at the church at noon. The public is invited.

Former Hamlinites Win Trip to Europe

Mr. and Mrs. E. L. Ward of Port Arthur were announced last week as the winners of a trip to Paris, France, in a contest sponsored by the General Electric Corporation. Mrs. Ward is the former Faye Huddleston, daughter of Mr. and Mrs. L. M. Huddleston of Hamlin.

The Wards will leave on their all-expenses-paid vacation the first part of this month. They will also visit London, England, on the trip.

Only 184 Votes Cast in Voting of Average Interest

Four new faces and another in a new capacity will be on hand when the Hamlin City Council convenes in its April 15 meeting as a result of tabulations of voting in the city election Tuesday.

Total of 184 votes were cast in the city election that had a potential of an estimated 900 ballots. But the 184 ballots cast were about an average display of interest by Hamlin residents in recent years—the last two elections excepted.

L. H. McBride, now serving as a member of the council in the capacity of aldermen, was elected mayor without opposition. He will succeed O. D. Roland, who is completing his first term.

James Josey, body shop man; Joe Hudspeth, auto and appliance store owner; and Max Murrell, co-owner of an automobile agency, were named to the three two-year council positions made vacant by expiring terms for Gene Prewitt, B. O. Bell and W. S. Seals. Pete Bond and Clyde Huff also were candidates for these places.

John Howard Jr. was elected to the one-year council place made vacant by the resignation of McBride. He had no opposition.

Votes cast for the individual candidates, as tabulated by Mr. J. B. Eakin, election judge, and her clerks follow:

L. H. McBride	184
Clyde Huff	73
Max Murrell	100
James Josey	139
Pete Bond	87
Joe Hudspeth	137
John Howard Jr.	184

Willard Jones received one vote as a write-in for councilman.

ACC Teacher Will Lead in Meeting at Church of Christ

"The Family of God" will be the theme of a series of evangelistic services beginning Sunday at the Hamlin Church of Christ, it is announced this week by the minister, Austin Siburt. The series will continue through the following Sunday.

Rex Kyker, head of the speech department of Abilene Christian College, will be the visiting evangelist. Rodney Spaulding of Hamlin, who is a student at ACC, will direct the music for the services.

Services are scheduled at 3:00 and 7:30 p. m. each day during the week beginning Monday.

Kyker has announced subjects for the evenings as: "God Is Our Father," "Lord, Teach Us to Pray," "The Prodigal Son," "Hope Through Intercession," "Unto Us a Child Is Born," "Children Are His Workmanship" and "Home Eternal." Sunday morning, April 13, his topic will be "Bear Each Other's Burdens." Next week his afternoon topics will be: "But Such As I Am," "Be Thou an Example," "The Art of Forgetting," "The Elder Brother," "We Shall Be Content," and "Study to Be Approved."

Who's New This Week

Only two new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both girls they are:

A girl for Mr. and Mrs. Arthurs Cork of Hamlin was born March 27. After tipping the scales at six pounds 11 ounces, the little miss was named Janice Kay.

A girl for Mr. and Mrs. B. M. Robinson of McCauley arrived March 26. She will answer to Carolyn Ann. She weighed a heavy nine pounds two ounces.

LET'S CONSIDER MONEY...IT CAN BLESS OR HURT

Money is a fascinating subject, must of us will agree. Through the centuries it is played a vital role in the trade and commerce of the world, whether it was in the form of salt, stone, paper or metal. All the same, there has been a scramble for the stuff. Some people will lie and steal and cheat and murder for it.

But that's not what we want to talk about in this editorial. We want to remark a few remarks about money's effect on a community's life and sustenance.

Money is beautiful stuff to look at...not so much perhaps because of its artistic design as because the sight of it reminds us of the many pleasing and necessary things it can do for us.

Yet...if we are not careful about how we handle it, we may thoughtlessly cheat ourselves out of some of the things our money can bring us.

Because only a part of each dollar we spend puts actual goods and services into our hands. Whether we like it or not, part of each dollar also goes toward the upbuilding and support of the community in which it is spent...to pay for the schools and churches, the roads and streets, the police and fire protection and other social facilities that make up modern living...and to strengthen that community's economy.

If the area that benefits from our trade is that in which we live, then we get for ourselves all that our hard-earned money pays for...and often many times over...in better business, better jobs, better living among more good and useful neighbors.

When you trade in your home community you improve your own living standards and the economy of the region in which you live. In other words, your money comes back to you in the form of more circulation of the money you put into it.

If one truly says that he is interested in the growth and prosperity of his home community, then his obligation is to contribute his part of support to its industries, trade and civic support to the over-all plan. This matter of building a community its a cooperative thing for everybody...not just for the other fellow, but for you and me and our neighbors and friends. Think on these things the next time you plan to go to another city to take your dollars—they can never come back to you and your community!

Nuggets of Thought

The chief lesson I have learned in a long life is that the only way to make a man trustworthy is to trust him; and the surest way to make him untrustworthy is to distrust him and show your distrust.—Henry L. Stimson.

Worry is a thin stream of fear trickling through the mind. If encouraged, it cuts a channel into which all other thoughts are drained.—Arthur Somers Roche.

A good conscience is to the soul what health is to the body; it preserves a constant ease and serenity within us, and more than counter-weighs all the calamities and afflictions that can possibly befall us.—Joseph Addison.

There is no personal charm so great as the charm of a cheerful temperament. It is a great error to suppose this comes entirely by nature—it comes quite as much by culture.—Henry Van Dyke.

Never bear more than one kind of trouble at a time. Some people bear three kinds—all they have had, all they have now and all they expect to have.—Edward Everett Hale.

Uncertainty of Age

During the boom year of 1948 a business man searched back in his memory and recalled a very important meeting which had been held 25 years previously in a Chicago hotel. The participants had included nine of the top financial leaders in the world.

Here is what had happened to these nine "successful" men during the ensuing quarter of century:

Charles Schwab, president of the largest independent steel company in the country, had gone into bankruptcy. He died in debt.

Samuel Insull, head of America's greatest utility firm, had died abroad a fugitive from justice.

Howard Hopson, president of a huge gas company, was insane.

Arthur Cullen, the foremost wheat speculator of the time, had passed away in a foreign country—broke.

Richard Whitney, president of the New York Stock Exchange, had just been released from prison.

Albert Fall, member of a presidential cabinet, had also just left prison.

Jesse Livermore, Wall Street's leading "bear," had committed suicide.

Ivar Kruger, the famed match king, had killed himself.

Leon Fraser, president of the Bank of International Settlement, had also died by his own hand.

Laying the Foundation

"No panacea can wipe out all at once the poverty in the world," says the Saturday Evening Post editorially. "But we can take heart in the peaceful accomplishments of American private investment in foreign lands."

As one example, the Post selects the U. S. oil industry. It points out that "American oil companies are scouring the whole world for supplies, paying almost a billion dollars a year in taxes and royalties in the Middle East alone, while American oil, mining and smelting firms pay \$800,000,000 in Latin America."

The importance of oil to the whole free world in its struggle with the grinding forces of communism needs no elaboration. The results have been literally stupendous. The Post says that 10 times as many tractors are used on French farms as in pre-war days—thanks in large part to the enterprise of American oil.

Morevoer, this is about as far a cry from old concepts of "economic imperialism" as anyone can imagine. The oil companies and other American enterprises have brought civilization to lands which had gone almost unchanged for centuries. They have revolutionized education, agriculture and standards of medical care. Wise social conscience has operated hand in hand with economic pioneering.

The Post sums the situation up in these words: "No one contends that these projects alone will cure all the world's ills. But they are laying the foundation for higher standards of living and mutual understanding between ourselves and nations the world around."

Editorial of the Week

COURSE OF SOCIALISM

Joseph Stalin's native Georgia celebrated the seventy-eighth anniversary of his birth the other day by praising him for his early adherence to Marxism and damning him for abuse of power in his later years.

Possibly they weren't conscious of it, but they made a big admission. Stalin merely ran the course that all socialism will and must run. In going through with this transition from ideal socialism to dictatorship, Stalin simply floated along with the tide.

We hear much of the "reactionary" political philosophy of this day and time. The most reactionary philosophy going the rounds these days is that of the Communists and the "free will" socialists. The socialist order calls for a monolithic state. And the monolithic state calls for a dictatorship. Why blame Stalin for the whole course of events?—The Dallas Morning News.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

Among happenings in the Hamlin community 30 years ago were the following, being news briefs reproduced from the issue of The Hamlin Herald dated April 20, 1928:

Two wells in the oil field that is developing west of Hamlin are producing 220 barrels per day, it was disclosed this week. Several new wells are underway or planned for the near future.

First baseball games in the new West Texas Baseball League will be played next Wednesday and Thursday in Hamlin, when Abilene team comes here. Other teams in the league are from Lubbock, Midland, San Angelo and Coleman.

County Judge Owen Thomas was a Hamlin visitor Wednesday.

Members of the Acadian Bridge Club were entertained Saturday evening by Dr. and Mrs. Paul A. Fowler. Attendants were Messrs. and Mrs. Garland Tumlin, Bob Low, B. L. Lacy, H. D. Neff, C. G. Green, E. A. Perdue and J. T. Bynum and Mrs. W. T. Cherry.

Douglas B. Spivey and Lorena Manning took a nice long drive to Matador Sunday to be married. Spivey is employed with the Shell Pipe Line Company. The bride is the daughter of Mr. and Mrs. M. D. Manning of this city.

TWENTY YEARS AGO.

The following news briefs, reflecting on happenings in the Hamlin community 20 years ago, are reprinted from the issue of The Hamlin Herald dated April 22, 1938:

Members of the Hamlin Rotary Club were hosts to pioneers of the territory at an annual luncheon. Special guests were D. J. Herbst, W. F. Davidson, S. C. Low, Pat Collins, D. M. Harris, H. Feagan, George O. Harrell, J. J. Waggoner, D. L. Bristow, D. L. Barnett, J. A. Young, J. W. McGough, Edgar Boaz, J. W. Ezell, Dan Stephens S. E. Miers and Fleet Poe.

The Herald has a letter from C. E. (Tuffy) McCoy at Lubbock, saying he will play baseball this year as a "farm-out" of the Chicago White Sox.

W. C. Russell and Bowen Pope appeared before the Texas Highway Commission at Austin Monday in the interest of the highway from Hamlin to Rotan. They believe that something will be started soon on the road.

Geneva Huling visited Sunday night at Neinda with her cousin, Obera Rush.

TEN YEARS AGO.

Among news items of interest in the Hamlin community 10 years ago were the following, reproduced from the issue of The Hamlin Herald dated April 23, 1948:

Nell Stell will open a new photo studio on Southwest Fourth Street.

Bessie Johnson and Milton Johnson, students at Bethany College of Oklahoma, and Dan C. Jones, student at Texas Tech College at Lubbock, were home over the week-end to attend the wedding of their sister, Sue Jones, who was married to James W. Reynolds of Lubbock.

Elma Rue Brewer, who is a student nurse in the Shannon Hospital at San Angelo, visited her parents, Mr. and Mrs. Elmer Brewer, and Glenna Lynn Sunday.

Hamlin Chamber of Commerce is cooperating with the City Council in a concerted clean-up drive of the city.

Dorothy Gene Huling and L. V. Perryman were married last Tuesday in Sweetwater.

FIVE YEARS AGO.

From the issue of The Hamlin Herald dated April 30, 1953, the following news items of interest were taken, reflecting happenings of five years ago in the Hamlin community:

Formal opening of the new \$11,500 Oak Grove Colored Baptist Church is scheduled for Sunday afternoon. The new building was sponsored by members of the Brotherhood of the First Baptist Church.

Mrs. E. M. Wilson, Hamlin business woman and former long time secretary of the Chamber of Commerce, was named woman of the year at last Thursday night's annual Chamber of Commerce banquet.

Body of Sergeant Alfred Leon Holden, son of Mr. and Mrs. James Holden, first known fatality of the Hamlin area in the Korean War, is on the way home for burial, relatives have been informed by government sources.

TEACHERS OF HAMLIN SCHOOLS

Biographies of teachers in the Hamlin schools are being printed as a feature series prepared by the Hamlin Fifty-Two Study Club as part of a public service project of the club members. Two of the series are printed below:

VIOLA AVANTS.

One of the long time teachers in the Hamlin schools is Viola Avants, who has been teaching for 19 years, 12 years of which have been at Hamlin. She teaches in the Hamlin Elementary School.

Miss Avants was born in Brown County, where she spent her early girlhood. In 1921 she moved with her family to Whon, Coleman County. She finished high school work at Howard Payne Academy. Continuing her schooling, she attended Howard Paye College at Brownwood and received her BS degree in 1949. She later attended McMurtry College at Abilene, where she received her master of education degrees in 1956.

One of a large family of children, Miss Avants has six sisters and four brothers. She lives with her mother and sister, Olea.

DOLLY P. BROWN.

Born March 24, 1932, in Hawkins, Texas, to Judson and Mildred Henry was Dolly P. Brown.

First and second grade teacher at DePriest Colored School. She was one of eight children.

Mrs. Brown was schooled in the elementary and secondary schools at Hawkins. After finishing high school in 1948 she enrolled in Prairie View A. & M. College at Hempstead as a pre-med student, later transferring to Jarvis College at Hawkins as a physical education major and biology minor. Having been exposed to music all of her life, she enrolled in the college choir and studied piano. She also excelled in sports, specializing in tennis and basketball, the latter in which she was Big 8 champion and lettered three years. She graduated in 1952 with a BA degree.

In 1951 she was married to Ira J. Brown who at the time was serving as a senior third class in the U. S. Navy. She has three sons, Wayne, Thomas and Keith, age five, four and three.

Mrs. Brown came to Hamlin in August, 1957, to begin work in DePriest High School. At present she works with the first and second grades, and teaches elementary music. She is a member of the First Christian Church in

HOW MANY OF THESE MUSTS WILL YOUR NEXT WAGON HAVE?

LOOK FOR TENNESSEE ERNIE FORD STAR OF THE FORD SHOW ON TV EVERY THURSDAY NIGHT

- 1. STYLING THAT WILL STAY IN STYLE**
Ford Station Wagon styling is Thunderbird-inspired. So you know it's going to be in style for a long time to come. And Ford offers you six different body styles to choose from.
- 2. ALL-NEW V-8 ENGINE**
Ford V-8 power is all-Thunderbird, too...with new Precision Fuel Injection that pays off in still better gas mileage. And it can be yours in all Fords (including the lowest-priced wagon of the low-price three).
- 3. MOST MODERN "SIX"**
The Ford Mileage Maker Six is the most modern and most economical Six in its field. It's the 1958 version of the engine that scored most miles per gallon in last year's Mobilgas Economy Run.
- 4. SINGLE-CONTROL LIFTGATE**
Loading and unloading is a cinch with Ford's single-control latch. Just a flick of the wrist and both lift-gate and tailgate open. You can close both gates with one hand, too.
- 5. GENUINE FOAM-RUBBER CUSHIONS IN FRONT SEATS OF ALL MODELS**
Only Ford wagons offer you the added luxury of genuine foam-rubber front seat cushioning in every model. And all Ford wagon seats are scientifically contoured over non-sag springs for greater riding comfort.
- 6. LOWEST PRICE POSSIBLE**
Because Ford sells nearly half again as many station wagons as its nearest competitor, Ford can sell these fine wagons at half the fine-car price.
- 7. TRADITIONALLY MOST WANTED AT RESALE TIME**
Ford Station Wagons, dollar for dollar, have traditionally commanded top prices on the used car lots. Another reason why your investment in a Ford wagon holds up better.

Business Session, Program, Luncheon Slated by Stamford PCA Thursday

Thursday, April 10, will see the twenty-fourth annual stockholders' meeting of the Stamford Production Credit Association, which is to be held in Stamford, officials of the organization announce.

The program, to begin at 9:30, will be highlighted by an address by W. H. Calkins, treasurer of the Federal Intermediate Credit Bank of Houston. He will dwell on those facets of agricultural production which are of interest to farmers and ranchers who live and operate in this general vicinity.

Another feature of the program will be furnished by the Joy Notes, a group of girls from Rule High School.

Following the program, which also includes the election of two directors, a barbecue luncheon will be served to all who attend. Directors whose terms expire with this meeting are C. G. Burson Sr. of Haskell and Mack T. Claburn of Anson. These men have been re-nominated along with John P. Jones of Munday and Jack Morrow of Hawley.

Five gift certificates worth \$100 each will be given away absolutely

free. These certificates are redeemable in ladies' wearing apparel at Hind's Shoes and Apparel in Stamford. In addition to this each stockholder's wife and each woman stockholder who is present will be given a personal favor—something she will treasure, say officials.

The Stamford association serves the financial needs of more than 1,000 agricultural families in Jones, Haskell, Shackelford, Knox, King, Kent, Stonewall and Dickens Counties, and will finance in any one year more than \$5,000,000 of the needs of these families. Since 1934 the association has grown from an institution of practically no capital and very few loans to an organization with loans outstanding of nearly \$3,000,000 at the present and a capital structure of more than \$1,000,000.

Directors of the association are C. G. Burson Sr. of Haskell, J. F. McCulloch of Stamford, Mark T. Claburn of Anson, J. C. Moorehouse of Benjamin and Lasater Hensley of Guthrie. Officers are: Burson, president; McCulloch, vice president; J. L. Hill Jr., manager; and J. R. Gleatun and R. C. Cobb, assistant managers. Offices are maintained at Stamford, Anson, Haskell, Munday and Spur.

Elmer Rhoton Takes Part in Army Tests

Private Elmer E. Rhoton, son of Mr. and Mrs. Marvin L. Rhoton of 512 Northwest Avenue F, recently participated in "Sabre Hawk," a Seventh Army maneuver, after arriving in Germany last month, according to a release from the Seventh Army base in Germany.

The maneuver, which involved more than 100,000 troops, was designed to test the combat readiness of Seventh Army units.

Rhoton, a gunner in Company B of the Eighth Division's 28th Infantry, entered the Army in June, 1957, and received basic training at Fort Riley, Kansas.

The 18-year-old soldier is a 1957 graduate of Hamlin High School.

Practically Full House Sees Play by Seniors

Practically a full house greeted the presentation last Friday evening of the senior class play of Hamlin High School, "June Graduate," which was superbly played by a cast of 11 members of the graduating class.

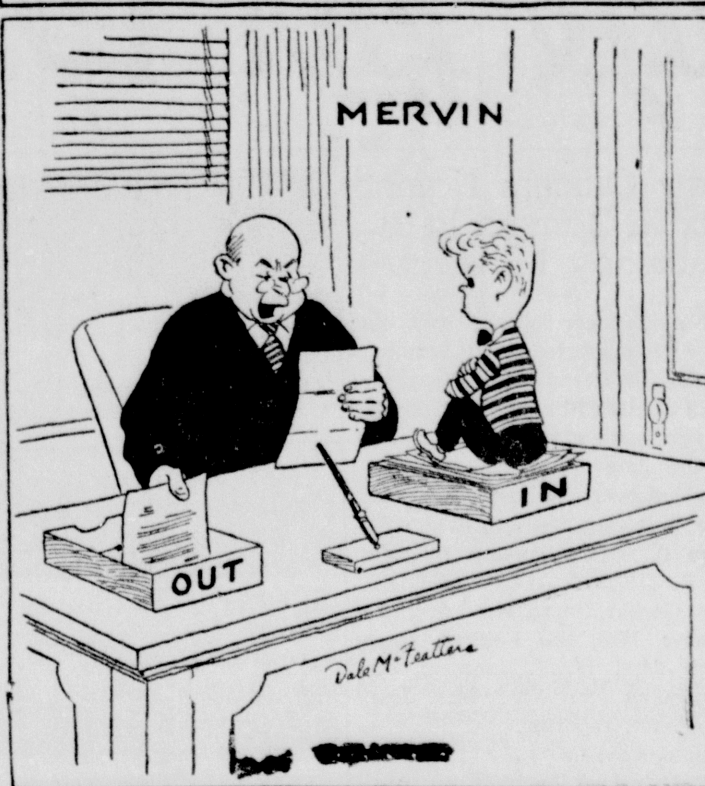

Net proceeds from the play will be used for the annual senior trip to New Orleans, Louisiana, in May.

An essential step toward peace is to get the public to conceive of a world without war—Emily Greene Balch.

Cemetery Working Set April 9 at Afton

An all-day cemetery working at the Afton Cemetery, five miles west of Hamlin, has been set for Wednesday, April 9, according to Mrs. W. R. Townsend, president of the cemetery association.

The cemetery has no permanent caretaker, and relatives who have loved ones buried in Afton cemetery are urged to come and bring tools for the work. Attendees who want to eat at the plot will please bring their lunches, Mrs. Townsend advises.

Lions Club Winds Up Sales of Bulbs For Blind Fund

Louis Madden was initiated as a new member of Hamlin Lions Club when the civic group met Tuesday at noon in the regular weekly luncheon meeting at the oil mill guest house.

Lion Tamer James Jasey officiated at the induction rites that included pointing out of Lions Club motto, principles of membership and presentation of lapel button. Madden is an employee of the Celotex Corporation plant at Hamlin.

Tall Twister Joe League disposed of most of the balance of electric light bulbs that remained from the recent sales by the club members. Net proceeds from the sale will go into the club's fund, which is used toward the purchase of glasses and eye treatment for indigent children.

Rev. Calvin Bailey, who recently demonstrated his abilities as a professional golfer, gave some fine points on the game to a gaping group of duffers.

Several Hamlin Lions will attend a zone meeting at Sweetwater Thursday, it was announced by President Willard Jones.

B. O. Fairbetter was a guest at the Tuesday luncheon.

Women of First Baptist Church Hear Daughter of Missionaries to Indians

Members of the Woman's Missionary Society of the First Baptist Church met in the fellowship room Monday afternoon for a "Burnie Gifts" Tea.

Guests were greeted by Mrs. Edgar Duncan president of the WMS; Mrs. Calvin Bailey, pastor's wife; and Rina Naranjo, a student from Hardin-Simmons University at Abilene.

Mrs. S. C. Ferguson registered the guests. On the cover of the guest book was a replica of the WMS pin. An arrangement of violets in a silver compote centered the table.

The tea table was laid with a white linen cloth with an Easter arrangement of jonquils and narcissus in a crystal bowl. The arrangement was a carpet of flowers under a make-believe Easter egg tree.

Punch was ladled by Mrs. A. H. Trotter. Pansies tied with white ribbon and carrying a streamer

Annual Guest Tea Given by Woman's Literary Club Group

Members of the Woman's Literary Club held their annual Guest Day Tea at the First Methodist Church March 21.

Mrs. Bowen Pope and Mrs. W. A. Albritton served guests punch and cookies at the beautifully appointed tea table in the fellowship hall of the church. The centerpiece was an arrangement of white stock and yellow daffodils on a white table cloth.

Guests were assembled in the church auditorium where Mrs. J. W. McCrary rendered an interlude of organ music.

Mrs. Dick Maberry, president, welcomed and recognized out-of-town guests from Aspermont, Anson, Abilene, Stamford, Rotan and members of other clubs in Hamlin.

Mrs. R. D. Moore, program chairman, introduced the guest speaker, Mrs. B. L. Lacy, English instructor at Hardin-Simmons University at Abilene. Mrs. Lacy reviewed "The Very Young Mrs. Poe" by Cashburn O'Neill. This is an autobiography of the wife of Edgar Allen Poe, the great poet and short story writer, and was enjoyed by all.

Wardrobe Planning Program Brings Out Interesting Facts at Club Meeting

Members of the Good Neighbor Home Demonstration Club met in the Neinda community club house for a program on wardrobe planning, directed by Mrs. Jack Kelly and Mrs. Dale Lain.

Beginning with the familiar expression of a female, "I haven't a thing to wear," steps to a planned wardrobe were developed. The following points were brought out in the program:

1. Repair: Restyle and discard. Before you go any further in planning your new clothes, decide how you can repair and bring the old ones up-to-date in style, fit, color and trimmings. Consider if garment is worth making over. It may be wise to discard it.
2. Plan your share of money. First plan how much of the family income can be used for family clothing, then figure how much of that amount is your share.
3. Buy new basic garments.

There is no doubt that some of our wardrobes have "grown like Topsy." Our closets may be bulging; our pocketbooks may be empty; but we still lack a proper outfit and satisfaction from our purchases. We can guard against disappointment and waste if we think through all the steps to a planned wardrobe before buying a single item.

Three rules that well dressed women all over the world understand suggest that you: (a) Build your wardrobe around you; (b) keep it coordinated and uncluttered; (c) make a plan and stick to it.

To help one plan here are steps to a planned wardrobe: Start on the bottom step and climb toward flattering and functional clothes:

1. List garments on hand and wearable. Go through closets and list only articles of clothing that are active in your wardrobe. Consider other items dead wood and remove them.
2. Plan to meet your activity needs: a. The things you do during the year; b. your hobbies; c. social activities; d. the weather; e. your health; f. your finances. Many garments will do double duty.
3. Know becoming lines in fashion. This step requires skill and study, for it is sometimes difficult to analyze yourself. Focus attention on your good points. See that your clothes tell the story about you that is true. Select and adapt well fitted styles that do something for your figure and personality.
4. Select colors to flatter you: a. Use special restraint with colors but never look drab or monotonous. A good wardrobe may be built around a single, basic color.

Hamlin People to Attend District P-TA Session at Abilene in Two-Day Meet

Several members of the Hamlin Parent-Teacher Association will be among the hundreds who will attend the third spring conference of District 18, Texas Congress of Parents and Teachers, to be held in Abilene April 22 and 23, it is announced by officials as plans for the meeting are publicized.

Mrs. Bob Herren, district president from Haskell, and Mrs. Robert Counts, district vice president and conference program chairman, met at the home of Mrs. Russell Day in Abilene to complete details.

For the first time the annual conference will open with a general night session at 7:30 on April 22 in the auditorium of Abilene High School. A full day of important activity has been planned for the following day. The Windsor Hotel will be headquarters for the main sessions as well as the luncheon on April 23.

While the night session on April 22 begins at 7:30 p. m., registration desks will be set up in the foyer of Abilene High School auditorium from 6:30 until 7:30. During the evening business session M. H. Galbreath of Girard, chairman of the nominating

committee, will present to the assembly the following nominees for district offices to be voted on the next morning between 8:30 and 12:15:

President, Mrs. Horace Wood of Spur; vice president for Dickens, Motley, Cottle and King Counties, Robert Williams of Dickens; vice president for Stonewall, Haskell, Knox and Ford Counties, Mrs. Jay Weaver of Haskell; vice president for Scurry, Fisher and Kent Counties, Mrs. Harold Brown of Snyder; vice president for Taylor and Jones Counties, Mrs. D. W. Boren of Abilene; recording secretary, Mrs. Robert Counts of Lueders; corresponding secretary, Mrs. Guy Goen of Spur; parliamentarian, Mrs. R. W. Herren of Haskell; historian, Mrs. Dave Reeves of Anson.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—It's "needling" time in Texas. That is the period when those in office start feeling the barbs of those who have their eyes on the same office.

Filing deadline for the summer's primaries is May 5. In any pre-election period the "outs" have a busy season of looking for "bugs under chips." Any likely looking "bug" is hauled out to test public reaction on its value as future campaign fodder against the "ins."

But this year no one has to look hard. Texas' problems are all too obvious. Unemployment persists stubbornly into the spring weeks. Oil, the state's No. 1 money-maker, is seriously bogged down. A multi-million-dollar deficit in state revenues is in prospect.

Hence, an open season for "viewing with alarm" and prospect of lively campaigns if some hard runners line up for major offices.

No More Specials.—He sees no need of a special legislative session now, says Governor Price Daniel, because the state government is already pushing an anti-recession program.

Governor Daniel's statement was in reply to a demand by the president of the Texas AFL-CIO for an eight-point program to combat unemployment. Jerry Holleman challenged the governor to back up his philosophy of "states rights" by meeting "states responsibilities." His "points" included revision of unemployment compensation laws, speeding up spending programs for buildings, highways, water projects, etc.

Daniel retorted that Holleman's demands took no note of work already moving apace. Texas, he said, "did not wait for a recession to exercise its responsibility of providing highway, water conservation, attraction of industry, increased salary and building construction programs."

"This is one reason the situation in Texas is much better than in most other states."

"I have every confidence," said the governor, "that the prophets of gloom and doom will not talk us out of a continuation of our unparalleled progress."

Water Board Commended.—Governor Daniel fired back a specific

reply to the AFL-CIO's urging to "push the water conservation program."

Water conservation has been one of Daniel's "most pushed" projects since gubernatorial campaigning days.

Daniel said, in effect, the new Water Development Board had moved in a cloud of dust to get organized, set up rules, establish procedures, begin hearings and give preliminary approval to two projects—all within 90 days after taking oath of office.

Two projects, if finally approved, would lend \$5,000,000 to the Sabine River Authority for a new lake, and \$350,000 to the Williamson County Water District No. 1 for a water diversion project.

TEC in Fuss Parade.—Internal fusing contagious with state boards has spread to the Texas Employment Commission. AFL-CIO is stoking the fire from the outside.

TEC's member representing labor, R. F. Newman, blasted the fuss into orbit by accusing the other two members, Chairman Perry Brown and Maurice Acers, of dealing him out of policy decisions. Brown represents the public and Acers the employers.

Argument focused initially on policy toward employees within TEC itself. Newman contended morale of TEC's 2,000 employees was shot. They live in fear, he said, of knife-in-the-back retaliations, salary cuts and demotions when their decisions offend trade groups, corporation lawyers or volunteer legal counselors.

Acers retaliated in a letter to trade organizations and employers charging Newman and "representatives of organized groups" with using the recession to gain their own ends.

That brought AFL-CIO leaders into the fray. State President Jerry Holleman fired back that Acers was flagrantly wasting state funds for propaganda purposes. Acers was also accused of denying just claims for unemployment compensation and forcing workers to go to court for rightful benefits.

Acers had a reply for that, too. Merely another attempt by AFL-CIO to influence commission policies, he said.

TEC supervises collection of unemployment taxes from employers and payment of benefits to unemployed workers.

No Help from Ike.—More tears than oil flow these days in Texas petroleum circles. President Eisenhower's token tightening of the voluntary oil import quota plan just won't help, oil men say.

They had pled for an import crackdown to relieve the slump in demand for domestic oil. What they got was "much too little and much too late," said J. J. O'Brien of San Antonio, president of Texas Independent Producers and Royalty Owners Association.

Governor Daniel called the ac-

KERRY DRAKE

tion from Washington wholly inadequate. Railroad Commissioner William J. Murray didn't see how the effort could be effective.

Eisenhower's plan called for a minute curtailment of voluntary imports of crude oil but left products untouched and the import door wide open to newcomers.

Texas fields were on a nine-day production pattern throughout March, with an eight-day pattern ordered for April.

Two Plus Two.—In most educational circles, prime interest has shifted from "Why Johnny Can't Read" to "Why Johnny Can't Cal-

culate the Orbit of a Satellite."

But even before Sputnik, the State Board of Education set up a special 20-member commission to study the effectiveness of mathematics teaching in Texas public schools.

School administrators, teachers and board members making up the commission began their one-year study at a meeting in Austin. Broad aims are to discover whether requirements are adequate, courses sound and teaching methods effective.

No Break Yet.—Payments to the jobless hit a record high of

\$1,568,958 in one week, according to the Texas Employment Commission's latest report.

Number of persons filing compensation claims inched up from 89,309 the previous week to 92,435.

TEC's mid-February report showed some 75,000 persons covered by unemployment insurance out of work. At that time it was hoped that approach of spring would bring the usual pick-up in jobs.

Instead, unemployment has increased more than 20 per cent.

Short Snorts.—Doris Connerly, legislative reference director for

the state library, was cited as "Public Employee of the Year" at the first awards banquet of the Austin chapter American Society for Public Administration.

FORT WORTH VISITORS.—Mr. and Mrs. M. O. May and George Steele of Fort Worth visited over the week-end with Mrs. Etta Bond and other relatives. Mrs. May is a sister and Steele a nephew of Mrs. Bond.

SLOWING THINGS DOWN.—Mother—"Why are you writing that letter so slowly?"

Billy—"I'm writing to Jack. He can't read fast."

Commissioner of Fisher County Is Grateful for Help

Jerry Crowley, county commissioner of Precinct 2 of Fisher County, in whose precinct two recent farm-to-market road projects have been put underway in recent weeks, this week asked The Herald to express his sincere thanks to Hamlin business firms and the Board of Community Development for their assistance in helping to secure right-of-way and for financial help in fence work along the right-of-way of the two road projects.

Crowley came to Hamlin for assistance on the projects in this area when available funds for the purchasing of right-of-way and rebuilding of fences along the two routes was exhausted for his precinct.

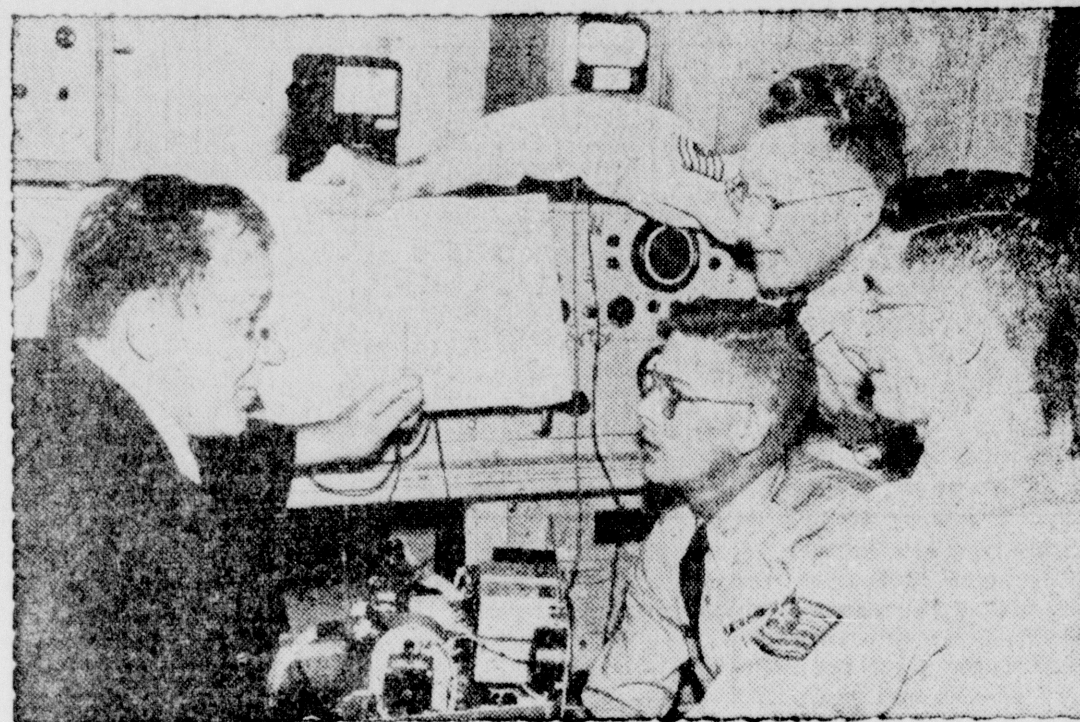

"Such demonstrations of friendship on the part of the Hamlin community," Commissioner Crowley said, "will not be forgotten by me and the people living along the routes, I am sure."

The two projects were the loop north from Highway 92 by the Texas & Pacific Coal and Oil Company camp thence east to Highway 83 north of Hamlin; and on the new project from Royston east to Hamlin.

Potash, ammonia and iodine are obtained from kelp, a Pacific undersea plant known as the "alfalfa of the sea."

MISSILE TRAINING BEGINS—A Northrop Aircraft instructor (left) assisted by the U. S. The around-the-clock program was set up to drill them in maintenance, repair and launching of the Snark.

Senator Johnson Says Congress Trying To Cope with Problems of Country

Many questions come to me, declares U. S. Senator Lyndon B. Johnson, in his weekly news release from Washington to The Herald, in letters I receive from friends in Texas. They are questions about unemployment and what can be done to provide more jobs for our people—questions about the possibilities of reducing taxes—questions about the social security program, the farm problem and many other subjects.

Many of these questions are of general interest. I have therefore decided to answer some of them in this news letter—although, of course, I reply directly to people who write me. The answers given are based on the best information available from congressional committees and executive agencies—and, when they

involve a question of personal opinion, on my own views.

Is the present business slump likely to turn into a depression?

All of us naturally hope not. Personally, my confidence in the future of our country is strong. I do not accept the theory that our nation is foredoomed to "boom or bust" cycles. I believe the American people have the initiative, the energy and the courage to tackle any problem, no matter how big.

Between 5,000,000 and 6,000,000 people are out of jobs. What is the government doing about unemployment?

Approximately 2,000,000 potential jobs could result from enactment of various measures pending before Congress.

The accelerated highway program would create a potential of 600,000 jobs. The bill providing this has been approved by the Senate public works committee and will be taken by the Senate in the very near future.

A housing bill could create a potential of 600,000 jobs.

A speed-up in expenditures of money already appropriated for civil and military public works would create a potential of 480,000 jobs. The resolutions I introduced calling for such a speed-up have been approved by Congress.

The \$1,500,000,000 omnibus rivers and harbors bill approved by Congress would create a potential of 360,000 jobs if the construction were accelerated and compressed into six months.

Is anything being done to help the farmers?

We have passed a farm bill that would prevent further reduction in acreage allotments and keep farm prices from being forced down further. This is not all that needs to be done to meet the farm problem, but it is at least a step in the right direction.

Your own questions about current issues will be welcomed. So will your comments, your suggestions, your criticisms.

Jeff Chandler Is Star in Ferguson Feature Next Week

Jeff Chandler is one guy who thinks stubbornness sometimes pays off. He has only to point to himself, and his zooming career for eloquent proof.

Starring with glamorous Lana Turner in Universal-International's "The Lady Takes a Flyer," showing Sunday, Monday and Tuesday at the Ferguson Theater, Jeff still retains the reputation of being Hollywood's original "no man."

All because of his prematurely gray hair. Studio casting directors used to take him aside and confidentially suggest that, if he wanted to get ahead, he had better submit to a dye job.

"No one will give you a second look the way you are," they advised.

"If I didn't see it their way, I could appreciate their solicitude, the spirit in which the experts gave their counsel, but that was all. He resolutely refused to heed his well-wishers, preferring to go it the hard way rather than change his natural appearance.

Needless to recall, the actor's distinguished looking hair now is considered one of his principal assets. The close-cropped trim seems to be made to order for his face as a devil-may-care ferrying "hot in 'The Lady Takes a Flyer'."

Revival Meeting Set At Oak Grove Church

Series of evangelistic services will begin Sunday at the Oak Grove Colored Baptist Church in Northeast Hamlin, according to the pastor, Rev. J. L. Johnson.

Rev. F. K. Williams of Sweetwater will be the evangelist. The pastor says Rev. Williams is a devout Christian and dynamic gospel preacher.

Services will be held each evening at 7:45, continuing through next Friday, April 11.

Record Attendance For Year Reported by Hamlin Churches

A decided improvement in the attendance at Sunday Schools of Hamlin churches was reported Sunday when the record high for 1958 was tabulated. The 1,338 total was 111 more than the previous Sunday and 107 more than the year ago figure.

Attendance, by churches, for March 30, March 23 and a year ago follows:

Churches	Mar. 30	Mar. 23	Year Ago
Church of Christ	158	150	153
United Pentecostal	9	29	21
Assembly of God	37	41	40

Veterans Responsible For Statements to VA

Veterans are responsible for the accuracy of statements on which they are hospitalized by Veterans Administration for non service connected disabilities the agency said this week in a release to The Herald.

VA said war-time veterans without service connected disabilities may be admitted for non service connected conditions when beds are available provided they state under oath they are not able to pay for the needed care.

Along with the oath the veteran is required to file a statement of his financial assets and liabilities.

Special Services at Oak Grove Church Features Visitors

Special services were conducted last Sunday at the Oak Grove Colored Baptist Church, reports Rev. J. L. Johnson, pastor.

Increased attendance was recorded at the Sunday School. The morning worship service was featured by several special messages in song, with Ellis Wamsley at the piano.

Following the worship service, dinner was served at the church to attendants.

The afternoon program began with several numbers by the Oak Grove choir, followed by special selections from the Stamford

church choir. Rev. J. Mackey, pastor of Solomon Temple Baptist Church of Stamford, preached. The Oak Grove choir had charge of the evening worship service. The group rendered several spirituals, and solos were sung by Venita Mayfield and Eardene Davis.

The Herald has carbon paper.

Jeff Chandler Is Star in Ferguson Feature Next Week

Jeff Chandler is one guy who thinks stubbornness sometimes pays off. He has only to point to himself, and his zooming career for eloquent proof.

Starring with glamorous Lana Turner in Universal-International's "The Lady Takes a Flyer," showing Sunday, Monday and Tuesday at the Ferguson Theater, Jeff still retains the reputation of being Hollywood's original "no man."

All because of his prematurely gray hair. Studio casting directors used to take him aside and confidentially suggest that, if he wanted to get ahead, he had better submit to a dye job.

"No one will give you a second look the way you are," they advised.

"If I didn't see it their way, I could appreciate their solicitude, the spirit in which the experts gave their counsel, but that was all. He resolutely refused to heed his well-wishers, preferring to go it the hard way rather than change his natural appearance.

Needless to recall, the actor's distinguished looking hair now is considered one of his principal assets. The close-cropped trim seems to be made to order for his face as a devil-may-care ferrying "hot in 'The Lady Takes a Flyer'."

Joe League Made New President of Lakeview Golfers

Joe League, official of the General Crude Oil Company at Hamlin, was elected president of the Lakeview Country Club in a business session held last week. Joe Ford was named secretary-treasurer. One-year directors elected are John Hudson and Dr. M. L. Smith, and two-year directors are E. C. Bell and Dickie Ferguson.

Recent good rains in the territory have put the Lakeview golf course in the finest condition it has been in for several years, officials say. Continuing work on the turf and terrain of the fairways is being done by the caretaker, and heavy grass greens are being cared for and maintained to make the course one of the best little courses in the region.

President League says that the Lakeview Golf Club will sponsor an invitational golf tournament early in the summer. Dates for this meet, to be open to all golfers of the Central West Texas area, will be set soon, League declares.

There are about 45 members in the club. Other interested golfers and people of the Hamlin territory are invited to join.

Josey Moves Shop to New Wilcox Building

Hamlin Paint and Body Shop, operated by James Josey, was moved Tuesday to the new Wilcox building at the corner of Southeast First Street and Avenue A. It formerly was located on East Lake Drive.

Several new pieces of equipment have been added to the new plant, including a new type frame and body straightening machine, Josey announces. Other services of the shop are car painting, glass replacement, upholstery and body repairing.

Mrs. Edgar Duncan Named Chairman In Cancer Crusade

Mrs. Edgar Duncan was named community chairman for the American Cancer Crusade that is scheduled to get underway in the next few days as part of a county-wide drive.

Basic aims of the American Cancer Society Crusade are twofold this year—the goals are to reach the public with life-saving cancer facts, and to raise enough money to step up research projects directed at conquering the killer, Ed Sprowls of Anson, county crusade chairman, has been informed in a letter from the state chairman, Edwin T. Phillips Jr. of Austin.

Organization of the county for the drive during April, which is set aside as Cancer Crusade Month, has already been initiated by Sprowls, who has appointed chairman in all of the larger communities.

Need for funds is greater this year because most counties report increases from 50 to 300 per cent in their service to cancer patients, the chairman said. On the national research front requests for some \$14,000,000 for research projects had to be turned down because of inadequate funds last year.

Community chairmen already enlisted on a volunteer basis include: Joe White, Anson; Mrs. Ed Duncan, Hamlin; Charles Teyman, Stamford; Bob Moore, Lueders; Mrs. D. C. Rister Sr., Hawley; Mrs. Franklin Godfrey, Funston; and Mrs. W. H. Kelso, Truby.

Other community chairmen will be announced this week, Sprowls says.

Landscaping Topic For Farm and Home Development Session

Thirteen attended the farm and home development family night Monday at the extension agent's office in Anson.

After an enjoyable meal of sandwiches and the trimmings, there was a program on landscaping. Bill Lehmborg and Mary Newberry, extension agents, showed slides on "Plan Before Planting" and "Shrubs for Year-Round Color."

Those attending were Mr. and Mrs. Birger Haterius of Ericksdahl, Mr. and Mrs. Woodrow Simmons of Anson, Mr. and Mrs. Grady Smith and Joyce of Hamlin, Mr. and Mrs. J. L. Herman and James of New Hope, the agents and B. V. Newberry of Hamlin.

Next meeting for the farm and home development families will be an ice cream supper on Monday night, May 26. There will be a program on food preparation and preservation with emphasis on the best methods of utilizing the home freezer, the barn, the corral and fence arrangement.

Foursquare Gospel Church Sets Special Services for Easter

Day of worship on Easter Sunday at the Foursquare Gospel Church will begin at 6:00 a. m. with a sunrise service, announces the pastor, Rev. John Holland. "This will be the dawning of a new Easter, and our service will bring us to worship at the tomb, which will be constructed to add to the service," the pastor says.

Rev. Holland will be speaking on "A Dawn to Be Remembered." It will be a special consecration service in candlelight, with communion following.

Directly following the sunrise service there will be breakfast at the home of Mr. and Mrs. Mack Sellers.

The 11:00 o'clock hour service is designed to draw attendants to the risen Lord. The choir will sing a special song entitled "He Lives." There will be a dedication service for Debra Sue Hollis, daughter of Mr. and Mrs. S. C. Hollis. The pastor will speak on "Resurrection Power."

Work Due to Start This Week on Farm Road to Royston

Work was due to get underway this week on the newest highway project for the Hamlin territory.

Contract for the construction of grading, structures, base and surfacing on farm-to-market roads Nos. 668 and 2142 in Fisher and Jones Counties was awarded in Austin last week, J. C. Roberts, district highway engineer at Abilene, has announced. The firm of Ivan Dement, Inc. of Amarillo submitted the low bid of \$169,767 on the projects which runs from Royston northeast on the Jones County line; from Celotex north to FM road 2142, and from the Fisher County line east to Hamlin, a distance of 12.1 miles.

Resident Engineer Nelson Shave of Hamlin will be in charge of the project for the Texas Highway Department.

It is estimated that the work will take 115 days to complete.

Hitson Baptist Revival Begins Next Sunday

Congregation of the Hitson Baptist Church, four miles west and one mile north of Hamlin, will conduct an eight-day revival meeting beginning Sunday, it is announced by Rev. R. A. Guthrie Jr., pastor.

Visiting evangelist for the services will be Rev. Norris Onstead, pastor of Swenson Baptist Church, Palmer McGowan of Hardin-Simmons University in Abilene, will lead the singing.

Only night services will be conducted during the week, beginning at 8:00 o'clock. Prayer meetings will be held each week day evening at 7:30.

Easter Cantata to Be Given Sunday By First Baptists

Thirty-five voice choir of the First Baptist Church will present an Easter cantata by J. H. Maunders Sunday evening at 8:00 o'clock, the pastor, Rev. Calvin Bailey announces. The public is invited.

Requiring about 35 minutes to present, the musical feature will take the place of the usual evening preaching service. Incidentally, the new time for the evening services are changing Sunday. It is pointed out, from 7:30 to 8:00 o'clock, which time will be in effect through the summer.

Director of the cantata is Billy Davis of Abilene, who is musical director for the church. Organist is Mrs. Marvin Carlton and pianist is Mrs. L. B. Baker.

Besides the choruses embracing all voices of the choir, solo numbers will be rendered by Mrs. Clyde Lewis, soprano, and Jerry Self, baritone of Hardin-Simmons University at Abilene.

Title of the cantata is "Penitence, Pardon and Peace," theme of which, of course, is centered around the Easter story, Davis declares.

RAILS SET SAFETY MARK

The best passenger safety record since an all-time low in 1952 was established by the American railroads during 1957. Only one fatality for each 1,625,000,000 miles of passenger travel occurred, giving roads a safety rate of .06 per 100,000,000 passenger miles. The railroads' all-time passenger safety record set in 1952 was a fatality rate of .04 per 100,000,000 passenger miles.

Bad Writing Causes Delays in Tax Returns

There are a lot of ex-school teachers who work for the Internal Revenue Service who are experts in reading hen scratching that is supposed to be writing, notes a release to The Herald from the service. This time of the year these folks are always straining their bifocals trying to figure out the bad writing on the tax forms.

A lot of folks do not stop to think that their tax return is only one of millions that these people

have to read and that bad writing can give some other taxpayer credit for the tax you have paid or the refund that you are due. The tax folks sure would appreciate your taking time to print your name and address and writing all your figures plain like, declares Tax Man Sam.
